Notes and Comments:

- 1 Social Work majors are required to complete 1 semester of Human Biology as a SOCW program requirement from AC BIOL 1408, 1409, 2401 or from SFA BIOL 1308, 1309 or 2301. If Human Biology is not taken in the Science Core, it will be required as an additional program or major requirement. It is best to take Human Biology as one of the Life & Physical Science Core courses and one other AC Science course to meet the Science Core and to avoid taking additional science to meet the program or major requirement for Social Work.
- 2 Both GOVT 2305 and 2306 should be taken at AC to satisfy Government requirement OR both GOVT 2305 and 2306 should be taken at SFA to satisfy the Government requirement; courses from the two institutions should not be mixed.
- 3 Students that are core complete at AC may take an elective. Students not core complete will take the communications core.

This does not constitute or replace an official degree plan. This information, though accurate for this bulletin, is subject to change without notice.
