The Educator Preparation Program (EPP) of Stephen F. Austin State University (SFA) is a program of the James I. Perkins College of Education. This program exists to prepare future educators at the undergraduate, graduate, doctoral and professional level. The SFA Professional Educator’s Council (PEC) oversees the policies, practices, and procedures of the EPP. This handbook is a compilation of those documents. It is frequently updated as the PEC makes updates to the policies, practices and procedures that guide the EPP.

The information enclosed is accurate at the time of compilation; however, policies are subject to change based on state and university guidelines. This handbook is meant to offer crucial policies in regards to the Educator Preparation Program (EPP). Staff in The Office of Assessment and Accountability (McKibben 404) can help with any questions. For the most current information visit the Office of Assessment and Accountability website at https://www.sfasu.edu/coe or call 936-468-1282.

The most current version of the SFASU Educator Preparation Program Calendar can be viewed at epp-calendar.pdf (sfasu.edu).

Professional Dispositions, Intervention, and Program Continuation Policy

The Perkins College of Education Educator Preparation Program (EPP) is responsible for preparing candidates who have the required knowledge, skills, and professional dispositions to become effective educators. Educator preparation providers establish and monitor attributes and dispositions beyond academic ability that candidates must demonstrate at admissions and during the program (CAEP Standard 3.3, 2016).

Prior to admission to the EPP, during coursework, and in campus and field experiences, faculty will assess the candidate’s demonstration of these professional dispositions and provide feedback to facilitate progress. Within any education or major area course, should a candidate demonstrate unsatisfactory professional dispositions, the following procedure will be followed:

1. Faculty members work with all candidates using informal attempts to change behaviors that include but are not limited to the following: providing guidance, observation, anecdotal records, differentiated instruction, and meetings with the student.

2. If the concern is not resolved, the candidate will be referred to the Departmental Program Continuation Review Panel. The Departmental Program Continuation Review Panel is comprised of the Department Chair, the Program Coordinator, and faculty appointed by the Department Chair, including but not limited to the faculty member reporting the unsatisfactory dispositions. This panel will interview the candidate and complete a Candidate Program Continuation Plan.

3. If the concern is not resolved, the candidate will be referred to the Professional Educators’ Program Continuation Review Panel. This panel is comprised of at least three members from the Professional Educator’s Council, including but not limited to the Associate Dean of Student and Faculty Affairs and faculty members with at least one representative from the student’s program and at least one representative from an outside department. The Professional Educators’ Program Continuation Review Panel will interview the candidate and determine:
   a. If the candidate may continue in the program and meet conditions established by the panel, or
   b. The candidate has not demonstrated satisfactory improvement in accordance with the Candidate Program Continuation Plan and is removed from the Educator Certification Program.

4. Candidates may appeal the decision of the Professional Educators’ Program Continuation Review Panel to the Dean of the College of Education within five class days. The following documentation is required:
   a. Copy of Candidate Program Continuation Plan
   b. Formal letter with supporting evidence as to why the candidate should not be removed for the Educator Certification Program.
   c. The dean will respond in a timely manner.
   d. Any further appeal will follow policy A-2: Academic Appeal and begin at step 4.

For instances where the educational learning environment is threatened, the candidate may be removed from the classroom pending prompt review by the Professional Educators’ Program Continuation Review Panel. (Policy D-34: Student Discipline)

_______  Candidate Demonstrated Satisfactory Improvement
_______  Satisfactory Improvement by Candidate was not demonstrated;

-Referred to Professional Educator’s Program Continuation Review Panel
Criminal Background Check, Preliminary Criminal History Evaluation, Fingerprinting

Candidates must undergo a criminal history background check prior to clinical teaching and prior to employment as an educator. The public school campuses are responsible for completing the criminal background check. A person who is enrolled or planning to enroll in a State Board for Educator Certification-approved educator preparation program or planning to take a certification examination may request a preliminary criminal history evaluation letter regarding the person’s potential ineligibility for certification due to a conviction or deferred adjudication for a felony or misdemeanor offense.

A Preliminary Criminal History Evaluation is a non-mandatory, non-binding evaluation of an individual’s self-reported criminal history. In addition, the agency obtains your name-based Texas criminal history information. The service is provided to the requestor for a non-refundable fee. The requestor will receive an evaluation letter by email from agency staff advising of potential ineligibility for educator certification.

You are eligible to request a Preliminary Criminal History Evaluation if:

- You enrolled or planning to enroll in an educator preparation program or
- You are planning to take a certification exam for initial educator certification, and
- You have reason to believe that you may be ineligible for educator certification due to a conviction or deferred adjudication for a felony or misdemeanor offense.

You are not eligible for a preliminary evaluation of your criminal history if you do not have a conviction or deferred adjudication for a felony or misdemeanor offense.

In addition, you must complete the fingerprinting process when you apply for certification. Participation in the evaluation does not preclude you from submitting to a national criminal history review at the time you apply for your educator certification. Your criminal history will be reviewed and you may be subject to an investigation based on that criminal history, including any information you failed to submit for evaluation.

Additional information can be found at [https://tea.texas.gov/Texas_Educators/Investigations/Preliminary_Criminal_History_Evaluation-FAQs/](https://tea.texas.gov/Texas_Educators/Investigations/Preliminary_Criminal_History_Evaluation-FAQs/) and in the Texas Administrative Code §249.16 at [Texas Administrative Code (state.tx.us)](https://state.tx.us).

Notification to All EPP Applicants and Enrollees

TAC 227.1(d)

EPPs shall notify, in writing by mail, personal delivery, facsimile, email, or an electronic notification, each applicant to and enrollee in the EPP of the following regardless of whether the applicant or enrollee has been convicted of an offense:

1. the potential ineligibility of an individual who has been convicted of an offense for issuance of a certificate on completion of the EPP;
2. the current State Board for Educator Certification (SBEC) rules prescribed in §249.16 of this title (relating to Eligibility of Persons with Criminal History for a Certificate under Texas Occupations Code, Chapter 53, and Texas Education Code, Chapter 21); and
(3) the right to request a criminal history evaluation letter as provided in Chapter 227, Subchapter B, of this title (relating to Preliminary Evaluation of Certification Eligibility).

Additional information regarding background checks, fingerprinting and an optional preliminary criminal history evaluation can be found at Admission | Educator Preparation Program | College of Education | SFA (sfasu.edu).

Complaint Process

Notice of Complaint Rights

Complaints Against Educator Preparation Programs: Complaints Against Educator Preparation Programs | Texas Education Agency

Per Texas Administrative Code (TAC) §§ 228.70, students and constituents have the right to submit formal, written complaints about the Educator Preparation Program for investigation and resolution. Note, the TEA staff and the SBEC do not have jurisdiction over complaints related to contractual arrangements with an EPP, commercial issues, obtaining a higher grade or credit for training, or seeking reinstatement to an EPP.

To adequately review and address a complaint, TEA needs specific details and must be able to identify a clear violation of Texas Administrative Code §§ 227, 228, 229, ethics (TAC 247), fingerprinting (TAC §§227, 232), or certification (TAC §§230, 231, 232, 239, 241, 242) to determine whether the agency has authority to act upon the allegation.

All complaints filed with the TEA must be in writing. The TEA does not accept complaints by phone or complaints that are submitted anonymously. A person or entity may file a written complaint with TEA by filling out the complaint form online or by mailing or faxing a hard copy to the address on the form.

Complaint submissions should include the following:

- The reasons you believe the issues raised in your complaint are valid. You should also indicate how you believe that TEA can assist you with this matter.
- Documentation to support your claim when possible. For example, if you refer in your complaint to an educator preparation program policy, include a copy of the policy with your complaint. Helpful documentation might include letters or e-mails exchanged between the parties.

Complaint form URL: Complaints Against Educator Preparation Programs | Texas Education Agency

Additional support and guidance can be sought by the Office of Assessment and Accountability at 936-468-1282 or edprep@sfasu.edu.

The entire complaint process can be found at Complaint Process | College of Education | SFA (sfasu.edu).
Data Management, Application, and Information Systems

In the Perkins College of Education Educator Preparation Program (EPP), there are several electronic systems and tools to help teacher candidates and the EPP manage applications, information and data. These are:

- mySFA
- Self-Service Banner
- Brightspace
- QClassroom
- JackText

mySFA and Self-Service Banner are used by all SFA students, and teacher candidates should be familiar with its features.

Brightspace is the learning platform used by all SFA students, and again, teacher candidates should have used this system in many, if not all, of the SFA courses prior to entering the EPP.

QClassroom is the system used for applying to the EPP and to Clinical Teaching and to request testing clearance. It is the system used to maintain all documentation specific to the EPP admission process, such as basic skills scores and EPP Screening Essay. Applications and the EPP Screening Essay are accessed through mySFA, Banner Self-Service.

JackText is an automated text-messaging service provided by SFA, as well as by the EPP. It is a requirement that all teacher candidates admitted to the EPP sign up for JackText. (Teacher candidates without a device are excused from this requirement, but must rely solely on email for electronic communication from the EPP.)

For questions regarding QClassroom, call (936) 468-1282 or email qclassroom@sfasu.edu.
Exit Policy for Certification Programs

The state requires all educator preparation programs to have an exit policy for the dismissal of candidates that is published, reviewed, and signed by candidates when they are admitted to the program. The requirement is found in 19 TAC §228.20(h).

Dismissal from the Educator Preparation Program

Initial and professional certification candidates may be removed from the Stephen F. Austin State University (SFASU) Educator Preparation Program (EPP) when candidates demonstrate behavior inconsistent with the knowledge, skills, and dispositions expected of teachers and leaders in Texas. Dismissal from the program may be based on grounds including but not limited to:

1. Failure to meet coursework requirements.
   a. Failure to maintain the minimum GPA requirement throughout the program. Candidates may reapply to the EPP after minimum GPA requirement is met.
   b. Failure to remain enrolled in coursework at SFA. After two consecutive semesters of absence, candidates are dropped from the EPP and must reapply to the EPP before enrolling in EPP related coursework.
2. Failure to abide by policies and/or procedures established by the SFASU EPP and/or program requirements established by the State Board for Educator Certification as published in the Texas Administrative Code.
3. Failure to abide by the SFASU Professional Dispositions Statement for Educator Preparation.

6. Any action deemed a violation of school district and/or campus policy during field-based experiences, clinical teaching, internship, or practicum.

Dismissal from the program is determined by a committee composed of the program faculty. Dismissal may occur at any time. Candidates who are dismissed from SFASU will be automatically dismissed from the EPP. All decisions of dismissal can be appealed following University policies.

Withdrawal from the Educator Preparation Program

A candidate who voluntarily decides to withdraw from the EPP must send a written notice of that intent from a SFASU email account and include their SFASU Campus ID in that email. The candidate also must submit a signed Texas Education Transfer Form if they transfer to another EPP. Withdrawal from the University constitutes automatic withdrawal from the EPP.

Content Test Requirements:

Texas law requires that every person seeking educator certification perform satisfactorily on comprehensive examinations. The purpose of the examinations is to ensure that each educator has the necessary content and professional knowledge to perform satisfactorily in Texas public schools.

Policies for all individuals seeking certification through SFASU:

- An individual is eligible to sit for a test upon completion of all coursework required for the test.
- An individual must have clearance from the appropriate department to take a test.
- An individual will be approved for only one test at a time.
- An individual who fails a test must retake the failed test and pass it before being cleared to take a different test.
- A student must pass the appropriate TExES test in his/her content area prior to clinical teaching.
- According to the Texas Administrative Code, only four subsequent attempts on a certification exam are allowed after an initial failed attempt. This means that SFA can only clear candidates for five total attempts on any certification exam.
- Candidates are eligible to take additional TExES exams after receiving their initial Texas Teacher Classroom Standard Certificate.
- Returning finishers: Prior to test approval, finishers must meet with the program and/or program testing coordinator to determine if additional coursework and/or training is required IF:
  - Standards have changed
  - Certification exam has changed
  - Completed all EPP requirements five years prior to requesting to test

Candidates MUST pass the TExES examination in your specific content area & edTPA prior to being eligible to apply for your Standard Certificate.

Note: If a candidate does not pass the content exam, they must seek remediation from the program coordinator. The program coordinator will create a remediation plan and will allow the candidate to re-test only after successfully meeting all requirements of the plan.

At the program coordinator’s discretion, a candidate may be required to postpone clinical teaching until successfully completing the remediation plan and passing the content exam.
Appeal Process:

Appeal to Clinical Teach With Late Content Exam Scores

It is extremely rare for an appeal to be granted for a candidate to begin clinical teaching without a passing score on file for the certification content exam. This is to protect the candidate, as all candidates who do not pass the content exam prior to completing the Clinical teaching semester are dropped from Clinical teaching, forfeiting the time invested prior to being dropped, and placing the candidate in jeopardy of being removed from the university should the scores come in past the set date to register for any other classes that semester. In no circumstances are test scores accepted AFTER the registration deadline for the next upcoming Clinical teaching semester. This is to protect the candidate from missing a second opportunity at Clinical teaching. Appeals are granted with the following conditions:

- Candidates must immediately register for the test and inform the testing office of the date it will be taken.
- Candidates must continue to pursue Clinical teaching as if the test has been passed, including attending the mandatory Clinical teaching orientation.
- If candidates must miss a day of Clinical teaching to take the test, an absence is recorded for that day.
- If the test is not passed, the candidate will immediately be dropped from Clinical teaching and will need to register to Clinical teach the next semester.
- The exam must have been attempted at least once prior to the appeal, and the deficient score can be no lower than one standard error of measurement for that exam (see page 3-6).
- The passing score must be received no later than the 1st SFA class day of the semester.
- Candidates must sign the appeal form agreeing to these conditions.

Submit the appeal by emailing to the Educator Preparation Manager, at the following: Email: edcertfield@sfasu.edu or Fax: 936-468-2012

The entire appeal process can be found at: Appeal to Clinical Teach with Late Content Exam Scores

Clinical Experience Requirements for Teacher of Students with Visual Impairments (TVI):

Supervision of each candidate shall be conducted with the structured guidance and regular ongoing support of an experienced educator who has been trained as a field supervisor. Supervision must be provided by a field supervisor who has completed TEA-approved observation training. The initial contact, which may be made by telephone, email, or other electronic communication, with the assigned candidate must occur within the first quarter of the assignment. For each formal observation, the field supervisor shall participate in an individualized pre-observation conference with the candidate; document educational practices observed; and provide written feedback through an individualized, synchronous, and interactive post-observation conference with the candidate. Neither the pre-observation conference nor the post-observation conference need to be onsite. Formal observations conducted through collaboration with school or district personnel can be used to meet the requirements of this subsection.
