2021-2022

## Mentor / Cooperating Teacher Information

Thank you for mentoring an SFA clinical teacher! This information packet is intended to provide answers to any questions you may have about the clinical teaching mentoring process. Additionally, contact information is included for all SFA staff involved in clinical teaching. Please do not hesitate to contact us with any of your questions.

### **What to Expect:**

The Texas Higher Education Coordinating Board, the National Council for Accreditation of Teacher Educators, and the Southern Association of Schools and Colleges require SFA to collect data for each teacher candidate. A component of being a cooperating teacher requires you to complete and submit requested forms through our online data management system, LiveText ([www.LiveText.com](http://www.LiveText.com)). When a clinical teacher was assigned to you as a mentor, LiveText automatically generated an account for you. You should have received an email FROM LIVETEXT (not SFA) in your school email account with a username and password. If you cannot find this, please check your junk or spam folder. IF you still do not find this, please contact our office at [livetext@sfasu.edu](mailto:livetext@sfasu.edu).

Additionally, there are resources available to guide you online at our website:

[www.sfasu.edu/education](http://www.sfasu.edu/education)

The SFA Field Supervisor should ask you to complete the following forms in LiveText:

- Final Dispositions by Mentor-Cooperating Teacher
- Candidate Performance Evaluation by Mentor-Cooperating Teacher
- Addendum (This is dependent on the program. Not all programs collect this. If you are to complete it, it will appear in your LiveText assessments.)

Additionally, the SFA Field Supervisor will formally observe the Clinical Teacher, and ask for your assistance in completion of the following forms:

- T-TESS Informal/Formal Observation assessments.

Clinical Teacher evaluation is a cooperative task shared by the Clinical Teacher, the Field Supervisor, and the Cooperating Teacher/Mentor. Much of the evaluation by the Cooperating Teacher/Mentor is informal, and thus, the Clinical Teacher may gain direction for action from brief, daily evaluations. The Field Supervisor will complete informal and formal observations in accordance to the Texas Administrative Code (TAC 228.35).

Each observation must meet the following requirements:

- Individualized pre-observation conference
  - Face-to-face is NOT required
  - No minimum duration required
  - Assessment must be completed in LiveText FEM for documentation purposes
- Formal Observation
  - Per TAC 228.35, formal observation due dates are NOT flexible
  - Must be 45 minutes in duration
  - Two observations cannot occur in one day
- Interactive post-conference
  - Face-to-face is NOT required
  - No minimum duration required
  - Assessment must be completed in LiveText FEM for documentation purposes

NOTE: Initial contact with assigned candidate must occur within the first three weeks of assignment. Contact may be made by telephone, email or other electronic communication.

Per TAC 228.35(e)(2)(A)(iii), Clinical teaching is successful when the candidate demonstrates proficiency in each of the educator standards for the assignment and the field supervisor and cooperating teacher recommend to the EPP that the candidate should be recommended for a standard certificate. If either the field supervisor or cooperating teacher do not recommend that the candidate should be recommended for a standard certificate, the person who does not recommend the candidate must provide documentation supporting the lack of recommendation to the candidate and either the field supervisor or cooperating teacher.

## **Responsibilities of the Mentor or Cooperating Teacher:**

You, the Mentor or Cooperating Teacher, are one of the most important and influential people in the preparation of professional teachers. This influence is critical to the teaching profession. Cooperating Teachers are selected because of their personal experiences within the classroom and their willingness to mentor our future educators and complete the required documents.

Cooperating Teacher Responsibilities Include:

- ◆ Sharing information and guiding the clinical teacher.
- ◆ Mentoring the students in developing strategies to independently and effectively develop lesson plans.
- ◆ Allowing the clinical teacher to observe, analyze, question, plan, and teach lessons during the clinical teaching experience.
- ◆ Remaining in the classroom to monitor the clinical teacher.
- ◆ Guiding the clinical teacher to think reflectively about lessons taught.
- ◆ Providing specific, constructive feedback for the purpose of professional growth.
- ◆ Completing the required forms for SFA.
- ◆ Taking students seriously. A question of problem that seems trivial to you is new ground for clinical teachers.
- ◆ Nurture self-sufficiency. Utilize your personal teaching experiences to encourage confidence and independent thinking.
- ◆ Help students develop professionalism by providing specific praise as well as constructive feedback.

**Important Topics:**

ABSENCES: Clinical Teachers must call the placement school prior to an absence. All absences beyond two must be made up. Arriving early/staying late does not accrue nor can the time be used in place of an absence.

ATTENDANCE: Clinical teachers are required to maintain the same daily schedule as the Cooperating Teacher (which includes professional assignments that extend beyond the normal school day).

Please note:

Approval for the release of a clinical teacher from attendance is the responsibility of the Cooperating Teacher, the Field Supervisor, and may involve the Clinical Teaching Coordinator. It is NOT at the discretion of the SFA Clinical Teacher to determine acceptable absences.

CORPORAL PUNISHMENT: Clinical teachers will not administer corporal punishment. If school personnel determine corporal punishment is necessary, it must be administered by a district employee, NEVER a clinical teacher.

PROFESSIONALISM: Clinical teachers adhere to ethical standards of the teaching profession, to SFA policies for university students, and to the policies of the school where they are assigned.

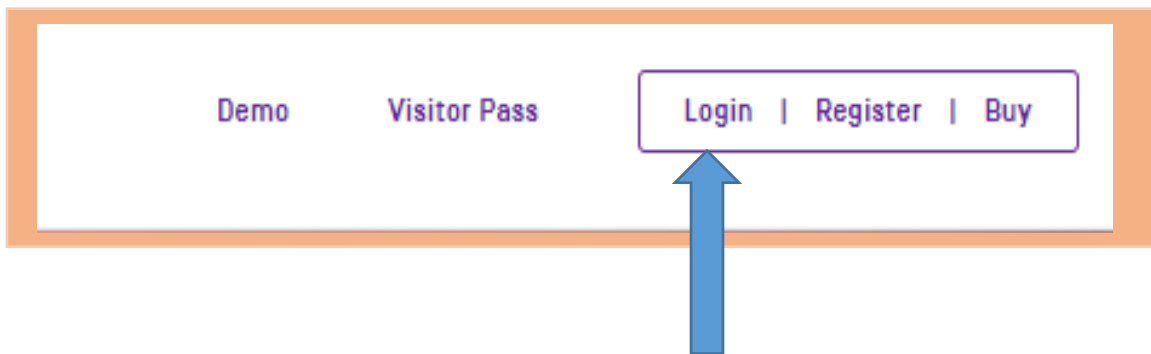

SUBSTITUTING: Clinical teachers may serve as substitute teachers only after successfully completing six weeks of clinical teaching. Clinical teachers may substitute for a maximum of five days: 2 days unpaid followed by 3 days paid, as approved by the district.

# FEM Instructions

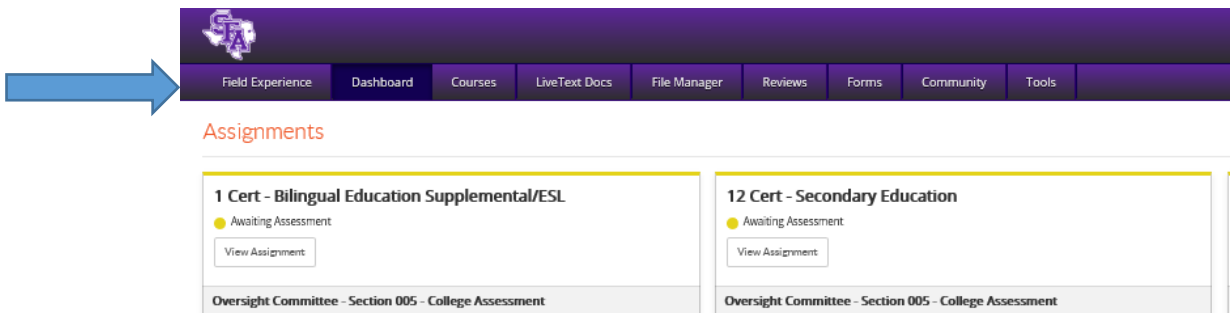

On the following pages you will find screenshots with step-by-step instructions for using the LiveText Field Experience Module (FEM). Should you have any issues or concerns, please contact us at [livetext@sfasu.edu](mailto:livetext@sfasu.edu).

## LiveText- Assessment

1. Login to LiveText (<https://www.livetext.com>). You should have received an email containing your LiveText username and password. Use that information to log in. \*Note: If you did not receive an email, send an email to [livetext@sfasu.edu](mailto:livetext@sfasu.edu) or 936-468-2395.

2. Click on the "Field Experience" tab in the top left corner of your screen. \*Note: if for some reason you do not see this tab email [livetext@sfasu.edu](mailto:livetext@sfasu.edu).

3. You will see a new page containing your student's names and some of their placement information.  
\*Note: Livetext terminology states "Internship" regardless of student. Please disregard.
4. Click on "View Placement Details" on the far right of your screen.

**Professional  
Dispositions,  
Intervention, and  
Program Continuation  
Policy**

**Stephen F. Austin State University James I. Perkins College of Education**  
**Office of Assessment and Accountability**  
**Professional Dispositions, Intervention, and Program Continuation Policy**

The Perkins College of Education Educator Preparation Program (EPP) is responsible for preparing candidates who have the required knowledge, skills, and professional dispositions to become effective educators. Educator preparation providers establish and monitor attributes and dispositions beyond academic ability that candidates must demonstrate at admissions and during the program (CAEP Standard 3.3, 2016).

Prior to admission to the EPP, during coursework, and in campus and field experiences, faculty will assess the candidate's demonstration of these professional dispositions and provide feedback to facilitate progress.

Within any education or major area course, should a candidate demonstrate unsatisfactory professional dispositions, the following procedure will be followed:

1. Faculty members work with all candidates using informal attempts to change behaviors that include but are not limited to the following: providing guidance, observation, anecdotal records, differentiated instruction, and meetings with the student.
2. If the concern is not resolved, the candidate will be referred to the Departmental Program Continuation Review Panel. The Departmental Program Continuation Review Panel is comprised of the Department Chair, the Program Coordinator, and faculty appointed by the Department Chair, including but not limited to the faculty member reporting the unsatisfactory dispositions. This panel will interview the candidate and complete a Candidate Program Continuation Plan.
3. If the concern is not resolved, the candidate will be referred to the Professional Educators' Program Continuation Review Panel. This panel is comprised of at least three members from the Professional Educators' Council, including but not limited to the Associate Dean of Student and Faculty Affairs and faculty members with at least one representative from the student's program and at least one representative from an outside department. The Professional Educators' Program Continuation Review Panel will interview the candidate and determine:
  - a. If the candidate may continue in the program and meet conditions established by the panel, or
  - b. The candidate has not demonstrated satisfactory improvement in accordance with the Candidate Program Continuation Plan and is removed from the Educator Certification Program.

4. Candidates may appeal the decision of the Professional Educators' Program Continuation Review Panel to the Dean of the College of Education within five class days. The following documentation is required:
  - a. Copy of Candidate Program Continuation Plan
  - b. Formal letter with supporting evidence as to why the candidate should not be removed for the Educator Certification Program.
  - c. The dean will respond in a timely manner.
  - d. Any further appeal will follow policy A-2: Academic Appeal and begin at step 4.

For instances where the educational learning environment is threatened, the candidate may be removed from the classroom pending prompt review by the Professional Educators' Program Continuation Review Panel. (Policy D- 34: Student Discipline)
