# INTRODUCTION

## **Faculty**

Darla O'Dwyer, PhD, RDN, LD, Professor, Dietetic Internship Director and Food, Nutrition and Dietetics Coordinator

Dr. Darla O'Dwyer is a registered dietitian and holds a PhD in food and nutrition. She has been a faculty member at SFA since 2003 and is currently serving as the dietetic internship director and coordinator for the food, nutrition and dietetics program. Dr. O'Dwyer has a passion for integrative/functional nutrition; she trained with the Kalish Institute for Functional Medicine to learn a more holistic approach to healing. Her research interests are gastrointestinal nutrition, dietary supplements and fermented foods. She helps others with digestive disorders through her online practice and uses this experience to teach her students clinical application and the business of nutrition consulting. She completed her BS at Sam Houston State University, MS, PhD, and Dietetic Internship at Texas Tech University.

Sarah Drake, MS, RDN, LD, Clinical Instructor, DPD Director

Sarah Drake is a registered dietitian and director of the undergraduate dietetic program. She has worked in a variety of clinical settings as well as in food service management and wellness. Her interest areas include women's health, nutrition counseling and feeding infants and children. She weaves integrative and functional nutrition concepts into her courses. Ms. Drake received her Bachelor of Science in dietetics with a specialization in health promotion from Michigan State University, completed her dietetic internship at Loyola University Chicago and received her Master of Science in human sciences from SFA.

Justin Pelham, MS, RDN, LD, Clinical Instructor

Justin Pelham has worked extensively in clinical dietetics with a focus on community nutrition outreach. In the hospital setting, he collaborated with the interdisciplinary team as well as counseling patients and/or families in various units such as the ICU, medical-surgical unit, women's center and oncology center. When working full time as the dietitian of Nacogdoches Medical Center, he developed a medical nutrition therapy outpatient program to better meet health care needs for the local community. He continues to practice in the clinical and community nutrition settings. Mr. Pelham completed his Bachelor of Science and Master of Science at SFA. He also participated in the highly competitive SFA dietetic internship.

## **Standards Committee**

The Standards Committee serves as an advisory group to the DI Director in matters pertaining to intern violations/complaints regarding the program's policy and procedures. The committee consists of food, nutrition and dietetics faculty and preceptors (if needed). The members of the Standard's Committee are Darla O'Dwyer, Sarah Drake, Justin Pelham and selected preceptors if needed.

# ACCREDITATION

## Accreditation Status

The Dietetic Internship at Stephen F. Austin State University is currently granted accreditation by the Accreditation Council for Education in Nutrition & Dietetics of the Academy for Nutrition & Dietetics, 120 South Riverside Plaza, Suite 2190, Chicago, IL, 60606-6995, (312) 899-0400, ext. 5400, [www.eatright.org/acend](http://www.eatright.org/acend), [acend@eatright.org](mailto:acend@eatright.org).

The next review of the program is 2023.

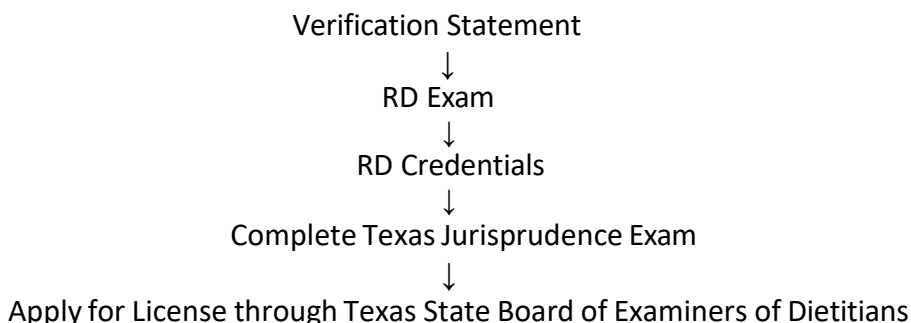

## Accreditation Council for Education in Nutrition and Dietetics

The Accreditation Council for Education in Nutrition & Dietetics (ACEND) of the Academy for Nutrition & Dietetics is the Academy's accrediting agency for education programs preparing students for careers as registered dietitians or dietetic technicians, registered. ACEND exists to serve the public by establishing and enforcing eligibility requirements and accreditation standards that ensure the quality and continued improvement of nutrition and dietetics education programs. Programs meeting those standards are accredited by ACEND.

## Pathway to Credentialing/Licensure

Completion of Dietetic Internship Requirements & 24 hours graduate credit

# MISSION STATEMENTS

## **The University**

**Mission:** Stephen F. Austin State University is a comprehensive institution dedicated to excellence in teaching, research, scholarship, creative work and service. Through the personal attention of our faculty and staff, we engage our students in a learner-centered environment and offer opportunities to prepare for the challenges of living in a global community.

## **The James I. Perkins College of Education**

**Mission:** The mission of the Perkins College of Education is to prepare competent, successful, caring and enthusiastic professionals from diverse backgrounds dedicated to responsible service, leadership, social justice and continued professional and intellectual development in an interconnected global society.

**Core Values** In the College of Education at Stephen F. Austin State University, we value and are committed to:

- Academic Excellence through critical, reflective and creative thinking
- Desire for Life-long learning
- Collaboration and shared decision-making
- Openness to new ideas, to culturally diverse people, and to innovation and change
- Integrity, responsibility, diligence, and ethical behavior and
- Service that enriches the community

## **The School of Human Sciences**

**Mission:** The mission of the School of Human Sciences is to prepare high quality professionals in global markets who positively influence individuals, families and businesses in diverse communities.

## **Dietetic Internship**

**Mission:** The mission of the Dietetic Internship at Stephen F. Austin State University is to prepare competent entry-level Registered Dietitian Nutritionists to serve in traditional and emerging dietetics professions in the communities of East Texas and beyond.

# PROGRAM GOALS & OBJECTIVES

**Goal #1:** Program graduates will be prepared to be competent, entry-level Registered Dietitian Nutritionists in the various areas of clinical, community, foodservice management, and integrative and functional nutrition.

- Objective 1: "At least 80% of program interns complete program requirements within 18 months (150% of the program length)".
- Objective 2: "Of graduates who seek employment, at least 90% percent are employed in nutrition and dietetics or related fields within 12 months of graduation".
- Objective 3: "At least 90% percent of program graduates take the CDR credentialing exam for dietitian nutritionists within 12 months of program completion".
- Objective 4: "The program's one-year pass rate (graduates who pass the registration exam within one year of first attempt) on the CDR credentialing exam for dietitian nutritionists is at least 80%".
- Objective 5: At least 90% of employers will rate program graduates as satisfactory or above as having skills equivalent to those of an entry-level Registered Dietitian Nutritionist (5-point scale: outstanding to unsatisfactory).

**Goal #2:** Program graduates will be prepared to work in diverse areas in dietetics to serve the rural populations of the East Texas region.

- Objective 1: At least 30% of our graduates will be employed in the dietetics field in the East Texas region.
- Objective 2: At least 80% of graduates will agree "the SFA dietetic internship prepared me for my first dietetics-related job" (5-point scale: strongly agree to strongly disagree).

Program outcome data is available upon request. Contact Dr. Darla O'Dwyer, DI director, by email at [dodwyer@sfasu.edu](mailto:dodwyer@sfasu.edu) or by phone at 936.468.2439.

## PROGRAM OF STUDY

### Program Description

The SFA Dietetic Internship and MS Program is divided into two components: supervised practice at specific approved rotation sites and graduate coursework. The DI program (supervised practice) begins in July (Summer II semester) and continues through the end of May. During the Summer II semester (beginning early July), students will attend class on Monday through Thursday. During the Fall and Spring semesters, generally, students will attend graduate courses on Mondays and will be at their supervised-practice sites Tuesday through Friday. The verification statement of completion will be issued in June, following supervised practice and after the successful completion of NUTR 5332 Public Health.

Note: The graduate program follows the university academic calendar. Supervised practice **does not** follow the university academic calendar. Students will be in rotations during the break between Summer II and Fall, 1-2 weeks of Christmas break, the week of spring break and 1-2 weeks of the break between Spring and Summer I.

## Supervised Practice Experience Schedule\*

Supervised Practice Experience	Number of Weeks	Hours per Week	Total Hours
Clinical Nutrition			
Acute Care Hospital	11	32	352
Diabetes Outpatient Clinic	4	32	128
Dialysis Centers	2	32	64
Community Nutrition			
County Extension/Wellness	2	32	64
WIC Admin	1	32	32
WIC Clinics	1	32	32
Foodservice Management			
Hospital Foodservice	3	32	96
School Nutrition/Foodservice	2	32	64
Integrative Physician	4	8	32
Electives (variable hours/availability)	5	32	160
Clinics-Eating Disorder, Bariatric, Cystic Fibrosis			
Private Practice			
Faculty rotation/research			
Market Street and/or H-E-B			
East Texas Food Bank			
Community Supported Ag and/or SFA Gardens			
Head Start			
Mentoring			5
Alternate hours			
Required	2	38	76
Optional-private practice, counseling, dialysis, DM outpatient)	~3	~35	106
Total:	37-40		1105-1211

**\*Times listed are approximate. See schedule provided in class. Schedule subject to change. Up to 300 alternate hour experiences may be provided to meet required hours.**

## Credit Hours for MS Program

### Graduate Coursework

The graduate courses are designed to expand the knowledge base used by a competent, entry-level Registered Dietitian. During the long semesters (Fall and Spring) the classes meet on Mondays only unless online. Class attendance is required of all interns with Zoom capabilities when appropriate. Students can start taking electives starting in early summer (June) before the start of the program. The DI program officially starts in July with NUTR 5311. There are 3 elective courses in the degree plan to = 9 hours.

Summer (July) NUTR 5311- Introductory Dietetics Practice (3 cr hrs) - Historical, philosophical, ethical and legal basis of dietetics practice. Beginning integration of normal and clinical nutrition, community nutrition, foods and foodservice management into dietetic practice.

Fall NUTR 5431 Supervised Practice for Dietetic Interns (4 cr hrs) and NUTR 5231 Seminar (2 cr hrs) - Educationally supervised practice under the direct supervision of a Registered Dietitian. Students complete experiences in clinical, community and foodservice. Prerequisite: Admission to SFA Dietetic Internship Program.

NUTR 5335 Integrative and Functional Nutrition I (3 cr hrs) - This course provides in-depth study of the metabolic processes and nutrition therapy as it relates to integrative and functional nutrition. Analysis and interpretation of research studies will be emphasized. Nutrient supplementation, elimination diets and dietary modifications as part of the therapeutic management of gastrointestinal conditions, weight management, cardiovascular disease and other nutrition related conditions will be covered.

Spring NUTR 5431 Supervised Practice for Dietetic Interns (4 cr hrs) and NUTR 5231 Seminar (2 cr hrs) - Educationally supervised practice under the direct supervision of a Registered Dietitian. Students complete experiences in clinical, community and foodservice. Prerequisite: Admission to SFA Dietetic Internship Program.

NUTR 5339 Integrative and Functional Nutrition II (3 cr hours) - This course provides an in-depth study of the metabolic processes and nutrition therapy as it relates to integrative and functional nutrition. Analysis and interpretation of research studies will be emphasized. The integration of nutrigenomics and dietary modifications as part of the therapeutic management of autoimmune and neurological conditions, cancer, and other conditions will be covered. Prerequisite: none required.

Summer I NUTR 5332 Public Health Nutrition (3 cr hours) - Survey of food and nutrition issues pertinent to public health and consumerism. Investigation of food and nutrition assistance programs; research and analysis of current policies and goals. Prerequisite: 6 hours in foods/nutrition courses.

Variable, Electives to meet 36 hours

Fall KINE 5350 Intro to Research in Health & Kinesiology (online)- This is a graduate-level course designed to introduce the student to basic statistical analysis topics and concepts related to kinesiology, health, and sport. This course will prepare students to develop research questions, collect data, choose and implement correct statistical analyses, and report the findings/implications. Prerequisite: none required.

Variable, Electives to meet 36 hours

### Graduate Comprehensive Project

Students will start an ePortfolio on WIX.com in the first course once admitted to the DI program and are required

to add information to the ePortfolio throughout the program. It will contain the following, but not limited to best 2 case studies (out of the 6 required), top PPT presentation (out of 4), blog assignment, grant proposal, IRB proposal, and 3 of your best work samples from your supervised practice. The ePortfolio will be presented to the DI Director, Faculty, and students as your comprehensive project component to complete the MS degree requirements during your last semester.

**Note:** The graduate program follows the university [academic calendar](#). Supervised practice **does not** follow the university academic calendar. Students will be in rotations during the break between the summer II session and fall semester, one to two weeks of Christmas break, the week of spring break, and one to two weeks of the break between the spring semester and summer I session.

\* ACEND competencies will be required in this course

### **Verification Statement**

A verification statement will be issued after successful completion of all competencies in supervised practice and associated graduate courses (NUTR 5311, 5431, 5231, 5332) and 24 hours of required graduate course work.

## **INTERN ASSIGNMENTS**

The following are assignments required in NUTR 5431 & 5231 with their associated competencies:

### **Case Studies (CRDN 1.2, 1.5, 3.1)**

You will be required to complete a total of 6 case studies during supervised practice from the following sites. One of the case studies will be presented in seminar each semester. It is expected that you work with your preceptor on these case studies.

1. Hospital Rotation: One case study every three weeks – each one should focus on different disorder/problem.
2. WIC Rotation: One involving an infant or child.
3. Clinics (Outpatient clinics, Dialysis, other medical sites): Pick **two** sites

For each case study you must complete a review of the disease/condition pathophysiology. At least four sources that applies evidence-based guidelines or systematic reviews dealing with the content of your case study are required. A complete ADIME will be conducted, followed by documentation of two peer-reviewed research articles that relate to the nutrition intervention/plan for the case.

### **Mentoring Assignment (CRDN 2.15)**

You will be paired with senior dietetics students in medical nutrition therapy. Contact the student to set up a time/place to meet. At the least, you want to meet with the student once in the fall semester and once in the spring semester. Email and phone communications are encouraged and should be documented. We want this to be a valuable experience for you and the student, not something that you have to just check off for a competency. Spend the time that you feel is necessary based on your mentee's needs.

### **Blog Assignment (CRDN 2.2, 3.8)**

You will choose a specific topic that will interest a target population and write a blog about to be published on the food, nutrition and dietetics website. Assessment instruments and specific

instructions for assignments will be posted in the learning platform.

### **Hot Topics Presentations (CRDN 3.12)**

You will be responsible for identifying an emerging hot topic, selecting two research papers on your selected hot topic, summarizing the research articles, and presenting them to class. You will be assigned to a specific class day for your hot topic presentation. For the presentation: 1) you will indicate the hot topic, where you found the subject for the hot topic (verbally from a patient, in the news, in a magazine, etc); 2) You will summarize the two research papers that are relevant to the hot topic; 3) indicate why it might be in the news, receiving considerable research attention, or of importance to health; 4) whether the topic has scientific integrity or support and what the implications might be and 5) lead a class discussion relating to the hot topic over these points. You will upload the presentation to Livetext.

### **Case Study Presentation (CRDN 1.2, 1.5)**

You will present a selected case study to the NUTR 5231 seminar class. You will need to have a thorough understanding of all concepts and be able to answer questions thoroughly. In addition to content, you will be graded on your presentation skills. Assessment instruments and specific instructions for assignments will be posted in the learning platform.

### **Other Assignments**

In order to meet all of the ACEND required competencies, the intern will follow the **Intern Performance Appraisal-2022 Standards** provided in the learning platforms. The competencies will be met with a satisfactory or above through the intern performance evaluation at assigned sites. In addition to the competencies in NUTR 5431 Supervised Practice, some competencies will be met through assignments required in graduate coursework in NUTR 5231 Supervised Practice Seminar, and NUTR 5332 Public Health.

# DIETETIC INTERN POSITION DESCRIPTION

**POSTION TITLE:** Dietetic Intern

**DEPARTMENT:** Human Sciences

**REPORTS TO:** Dietetic Internship and MS Program  
Director, Facility Supervisor and Preceptors  
SFA Graduate Faculty

**POSITION DESCRIPTION:** The intern will participate as a team member in approved supervised practice settings. These experiences will afford the intern the opportunity to achieve the competencies set forth by the Accreditation Council for Education in Nutrition and Dietetics (ACEND) in preparation for the Registration Examination. Interns will also participate in graduate education classes and have the opportunity to complete an MS degree. Interns are expected to develop professional ethics, entry-level dietetics knowledge and skills, enhanced communication skills, and a commitment to life-long learning and continued professional development.

**POSITION REQUIREMENTS (see policies in this handbook):**

**RESPONSIBILITIES:** The following responsibilities and duties are expected of dietetic interns:

- Demonstrate basic knowledge by achieving a score of 80% or higher average on exams covering normal and clinical nutrition, medical nutrition therapy, and food science, **prior** to beginning supervised practice.
- Abide by the Code of Ethics of the Academy of Nutrition and Dietetics and the Standards for Dietetic Practice and Professional Performance.
- Follow all facility policies and procedures including those regarding patient/client confidentiality and HIPPA regulations.
- Achieve a “B” or higher grade in all graduate coursework assigned to the DI (NUTR 5311, 5431, 5231).
- Complete all supervised practice assignments, projects, and applicable competencies in a timely manner with a performance in a satisfactory manner (on a rating scale of exceeds expectations to needs improvement). All written assignments/projects turned into the DI Director must earn at least an 85% or they will be returned for re-submission.
- Cover the cost of all supervised practice assignments including but not limited to transportation, meals, parking, professional memberships, professional meetings and liability insurance.
- Arrive at supervised practice sites on time and appropriately groomed and dressed in accordance with the standard for that specific facility.
- Attend local and state professional meetings when available.
- Contact the assigned preceptor **no fewer than seven days** in advance of the beginning of a supervised practice rotation at their facility. Provide facility supervisors and preceptors with your completed performance appraisal competencies.
- Be responsible for the completion of time logs, performance appraisal, and performance evaluation forms in Livetext on time (see NUTR 5431 for specifics).
- Promptly report any problems that affect your work to the DI Director. Contact the preceptor and DI Director if you are absent or arriving late/leaving early to a site.
- Maintain an appropriate positive attitude in all interpersonal interactions and communications.
- Conduct yourself as a professional by acting as a role model for facility personnel and the public by being an advocate for scientifically valid nutrition knowledge, health practices, safety and sanitation.
- Train on strategies to monitor biases in self and others, and reduce instances of microaggressions and discrimination.

# RESPONSIBILITIES OF DI DIRECTOR & PRECEPTORS

## Responsibilities of the Dietetic Internship Program Director

1. The director will provide an orientation to the program and provision of a dietetic internship handbook (emailed and posted online).
2. Basic knowledge exams will be administered and graded by the director. Recommendations for further study will be provided if a passing grade is not obtained on the first try and repeat exams will be administered.
3. The supervised practice rotation schedule will be developed by the director.
4. The director will mediate any conflicts that may develop between preceptors, faculty and interns.
5. The director will assign final grades for the supervised practice course.
6. The director will assess intern learning through assignments in supervised practice and review preceptor feedback.
7. The director will maintain a file for each intern that contains all original paperwork necessary for verification.
8. Upon satisfactory completion of the Dietetic Internship and MS Program/graduate courses, verification statements will be issued by the director in a timely manner.
9. The director is responsible for maintaining status of Accreditation Standards and Reports
10. Train on strategies to monitor biases in self and others, and reduce instances of microaggressions and discrimination.

## Responsibilities of Preceptors

1. Preceptors provide interns with an orientation to the facility and/or department.
2. If needed, preceptors will establish a schedule that allows interns to work with various people in the department.
3. The preceptor will define work-days and times. Typically, these are Tuesday - Friday from 8:00 - 5:00 but may vary by facility and experiences that are available.
4. Interns will be informed of the facility dress code by the preceptor.
5. The preceptors will provide opportunities for interns to complete applicable competencies.
6. Positive feedback and suggestions for improvement will be provided to the interns by the preceptors.
7. Preceptors should approve time logs, performance appraisal (competencies) and performance evaluation forms within the Field Experience Module of Livetext for each intern prior to the end of the rotation.
8. Preceptors will evaluate the interns for their supervised practice rotation using the Intern Performance Appraisal (competencies) form in Livetext. This performance appraisal is NOT the same thing as a grade!
9. If a student performs unsatisfactory on the performance indicators (competencies) or any other assessment, the preceptor will notify the student while the student is in the rotation. The preceptor should also contact the DI Director. The DI Director will work with the student and preceptor for resolution.
10. Train on strategies to monitor biases in self and others, and reduce instances of microaggressions and discrimination.

# POLICIES AND PROCEDURES

## POLICY No. 1

### SUBJECT: Immunization

Immunization against communicable diseases is necessary for the health of students, clients, and the public. Immunization is mandated by the Texas Department of State Health Services, the University and our clinical agencies. All dietetic interns must show proof of current:

- a. MMR (measles, mumps, rubella) immunization or serological confirmation of immunity.
- b. DtaP (tetanus/diphtheria/pertussis), Tdap booster immunization or serological confirmation of immunity
- c. Varicella immunization or serological confirmation of immunity
- d. Hepatitis B series or serological confirmation of immunity
- e. Evidence of TB skin test unless they have documented significant reactions (10 mm or more).  
In the event that an intern has a positive TB skin test or evidence of reaction, the intern must show proof of a chest X-ray and/or negative respiratory examination.
- f. Flu vaccination during flu season (typically October through April).
- g. COVID-19 vaccine. Clinical sites that you are assigned to may require the vaccine and the DI program must abide by clinical site policies. Students are required to complete all clinical hours as designated in the established schedule. Special consideration and placement will not be granted to students that fail to meet agency COVID-19 vaccination requirements. Failure to meet clinical requirements may result in an inability to complete ACEND required hours. Interns may apply for an exemption (see information below). Sites may require that students who are not vaccinated submit to COVID testing. Exemptions may be accepted; it is up to the site to honor the exemption. Unvaccinated students at sites that do not accept your exemption will not be able to intern at those sites, which may impact ACEND required hours.

Specific instructions will be provided with more detail about the vaccinations and requirements upon acceptance into the program.

### PROCEDURE

1. Interns will submit records to the Dietetic Internship Director showing proof of current immunizations as listed above prior to beginning supervised practice.
2. Exemptions for the required immunizations must be in compliance with the rules and regulations of the Texas Department of State Health Services as set forth below:

Exclusions from compliance are allowable on an individual basis for medical contraindications, reasons of conscience, including religious beliefs. Interns in these categories must submit evidence for exclusion from compliance as specified by law. The DI Director DOES NOT keep exemptions on file and they should not be disclosed to the DI Director. Each facility will have their own policies on how exemptions are handled. Specific instructions are provided in the learning platform for each site. For more information and specific forms, visit this website:

<https://texansforvaccinechoice.com/exemptions/>

If a student fails to meet the above requirements and fails to have all immunizations current and documented with the DI Director prior to the first day of rotations, the intern will not be allowed to intern at the sites. Failure to attend will result in an F-day(s).

## **POLICY No. 2**

### **SUBJECT: Liability Insurance**

#### **POLICY**

All persons participating in the Dietetic Internship will have professional liability insurance coverage.

#### **PROCEDURE**

1. The Safety Officer will send the HMS Administrative Assistant a blanket renewal form "Specified Medical Professional Liability Occurrence Insurance Policy" every fall semester. This form will be given to the DI Director. The DI Director will fill out the enrollment form and list the dietetic interns requiring liability coverage. The Safety Officer will provide this information to the insurance agent. A premium will be determined and charged to the HMS FOAP account through NUTR 5431. The liability policy provides protection for interns while they are participating in supervised practice rotations as required for academic course work.
2. Interns who have outside employment in health care are covered ONLY during supervised practice and should obtain additional individual liability coverage for outside employment.
3. Intern liability insurance is not in effect once the supervised practice component has been completed.

## **POLICY No. 3**

### **SUBJECT: Criminal Background Check**

#### **POLICY**

All interns shall have a criminal background history check. This is required because of the rules and regulations of Texas regarding placement of interns or students in public schools, healthcare facilities, and WIC. In some cases, facilities may have an expiration on background checks or require their own background check service. In this event, you may have to complete another one prior to interning at that facility.

#### **PROCEDURE**

Interns will complete a criminal background check through [www.Castlebranch.com](http://www.Castlebranch.com). Results must be available online before you will be allowed to participate in supervised practice.

This will include the following: Residency History, Social Security Alert, NW-Healthcare Fraud & Abuse Scan, NW-Sexual Offender Index, NW – Patriot Act, ST – Criminal History

Healthcare facilities require that the background check be "clear." If any parameter is positive on the background check, it could result in dismissal from the program. The DI Director and the intern will have to investigate a positive parameter on the background check individually and at that point a determination will be made with the supervised practice sites how to proceed.

## **POLICY No. 4**

### **SUBJECT: Alcohol and Drug Testing**

#### **POLICY**

The Dietetic Internship and MS Program at Stephen F. Austin State University seeks to maintain an environment free from substance abuse to promote a safe, healthy and productive learning environment. The Dietetic Internship and MS Program is also mandated by law to ensure the safety and well-being of faculty, staff, preceptors, interns, patients and clients.

#### **PROCEDURE**

1. The intern will submit a sample for drug testing to the SFA Student Health Center (or another facility) prior to the beginning of supervised practice. Some facilities have an expiration on drug screens, in this case, you will have to conduct another test prior to interning at that facility.
2. If any preceptor, faculty member or the director suspects that an intern has attended supervised practice or class while under the influence, repeat drug testing will be required as soon as possible after the accusation is made because drugs and alcohol are quickly metabolized and excreted by the body.
3. If an intern refuses to submit to drug and alcohol testing the Dietetic Internship Director and Office of Students Rights and Responsibilities MAY
  - a. Deem that this is an admission that the allegation is true and
    - i. Dismiss the intern from the program with a grade of "F" in the supervised practice course.
    - ii. Notify the Texas State Board of Examiners of Dietitians
  - b. Hold an informal conference within seven (7) working days, hearing written and oral evidence, including witnesses' statements, from both the accuser and the intern. The DI Director and Office of Students Rights and Responsibilities will then:
    - i. Recommend dismissal of the complaint without prejudice OR
    - ii. Recommend a formal hearing within seven (7) working days OR
    - iii. Recommend immediate dismissal from the program with a grade of "F" in the supervised practice course AND
    - iv. Notify TSBED
4. If an intern submits to drug and alcohol testing the DI Director and Office of Students Rights and Responsibilities shall review the results as soon as they are available and MAY:
  - a. If the results are negative
    - i. Recommend dismissal of the matter without prejudice OR
    - ii. Set a formal hearing within seven (7) working days.
  - b. If the results are positive
    - i. Recommend immediate dismissal from the program with a grade of "F" in the supervised practice course AND notify TSBED.
    - ii. Hold an informal conference within seven (7) working days, hearing written and oral evidence including witnesses' statements, from both the accuser and the intern. The DI Director and Standards Committed will then
      - a. Dismiss the complaint without prejudice; OR
      - b. Recommend a formal hearing within seven (7) working days OR
      - c. Recommend immediate dismissal from the program with a grade

of “F: in the supervised practice course AND notify TSBED.

### **Burden of Proof**

The burden of proof in all formal and informal conferences and hearings shall be “reasonable cause”. It shall be based on the following:

1. Direct observation of drug or alcohol use or possession and/or demonstration of physical and mental symptoms of the influence of drugs or alcohol.
2. A pattern of abnormal or erratic behavior consistent with alcohol or drug abuse.
3. Arrest or conviction of a drug or alcohol related offense.
4. Evidence that the intern has tampered with a drug or alcohol test.
5. Possession of drug paraphernalia.

## **POLICY No. 5**

### **SUBJECT: Use of Technology**

#### **POLICY**

The Dietetic Internship Program endeavors to support a professional environment at all supervised practice sites. The proper use of personal computers, cell phones, and other electronic devices at supervised practice sites is imperative.

#### **PROCEDURE**

Dietetic interns must follow the specific site’s requirements on the use of technology. Some preceptors will allow cell phone use to communicate with them or other staff during the day. It is the responsibility of the dietetic intern to determine what is and is not allowed regarding technology at each specific site. Interns should notify the preceptor if they are going to use a device to look up information pertaining to supervised practice. All devices should be silenced during supervised practice unless permission is obtained from the preceptor.

If the intern is expecting an urgent call, they are to notify the preceptor and make necessary arrangements.

Interns are encouraged to bring their laptop computers to supervised practice to take notes, look up information/ research, and complete DI-related assignments during downtime. During downtime, interns must ask the preceptor if there are any other job duties that need to be performed before working on DI-related work (e.g. case studies, research, presentations). Interns are not allowed to use social media unless it pertains to their duties at the site.

If it is brought to the attention of the Dietetic Internship Program Director that an intern is using technology in an unprofessional manner, then the DI Director may

- a. Hold an informal conference within seven (7) working days, hearing written and oral evidence, including witnesses’ statements, from both the accuser and the intern. The DI Director will then:
  1. Recommend dismissal of the complaint without prejudice OR
  2. Recommend a formal hearing within seven (7) working days OR
  3. Recommend an “F” day for each incidence reported

## **POLICY No. 6**

### **SUBJECT: Dress Code**

#### **POLICY**

When officially representing the Stephen F. Austin State University Dietetic Internship and MS Program at either a supervised practice setting or a professional meeting the intern will maintain a professional appearance including wearing an official name tag. If in the judgment of the preceptor or DI Director, the intern does not meet the expectation for professional dress the intern may be dismissed from the supervised practice site or professional meeting and will forfeit work hours or meeting hours for that day.

#### **Identification**

Note: prior to starting rotations, you will need a name badge that identifies you as "Dietetic Intern." Go to this website for more information: <http://www.sfasu.edu/student-services/127.asp>

#### **PROCEDURE**

While at supervised practice sites or professional meeting interns must wear an SFA ID badge or a facility ID badge. Official dress codes will be established by the individual supervised practice facilities. However, the following general requirements shall apply at all supervised practice facilities and professional meetings.

##### **1. Personal Grooming**

- a. **Scents:** due to close contact with others, deodorant or antiperspirant is to be worn. No perfumes, colognes, aftershaves or strong-smelling lotions may be worn during supervised practice.
- b. **Hair:** Follow facility policy. Some facilities may have restrictions on ornate hair bows or ornaments, beards or mustaches, and unusual hair coloring such as blue, green and purple.
- c. **Nails:** Interns will need to follow the facility policy regarding length of nails, if artificial nails are allowed, if nail polish is allowed and if so, what colors. Typically, artificial nails are not allowed at most facilities (shellac nails are considered artificial). Since you will be interning at multiple facilities, it is best practices to avoid artificial nails while in the internship. Foodservice supervised practice sites will be much stricter than other sites. Many foodservice sites limit the length of the nail to the tip of the fingertips, don't allow artificial nails or nail polish. It is the intern's responsibility to check with the facility's policy prior to arriving at the facility.

##### **2. Personal Adornments**

- a. **Cosmetics:** If used, all make-up should be conservative and worn in no more than moderate amounts.
- b. **Jewelry:** should be kept to a minimum, according to facility policy.
- c. **Body piercing:** Interns must follow facility policy regarding piercings. Some facilities may require that all piercings be removed except for small stud earrings, single piercing. It is the intern's responsibility to check with the facility's policy prior to arriving to the facility.
- d. **Tattoos:** Interns must follow facility policy regarding tattoos. Some facilities may require that all tattoos be covered. It is the intern's responsibility to check with the facility's policy prior to arriving to the facility.

### 3. Clothing

Royal purple scrubs are the scrub color utilized by the SFA internship. Any style of royal purple scrubs are allowed. Some facilities may allow scrubs, and some may not. Some comply with the royal purple scrubs while some require a different color. Some facilities require a white lab coat while others prefer professional dress or business casual without a lab coat. Interns must follow the expectations of the supervised practice facility - generally:

- a. **Shoes:** must be closed toe and heel and be of a neutral color or color coordinating with your clothing and in good condition. During foodservice rotations shoes must have slip-resistant soles. Sandals, sling backs, open toes, flip-flops, canvas and athletic shoes are all prohibited.
- b. **Clothes:** should be conservative in appearance. Articles of clothing that are typically **prohibited** include but are not limited to:
  - Jeans of any color
  - Shorts, short skirts, short skorts
  - Sleeveless top without a cover-up
  - Short tops that expose the midriff and/or abdomen
  - T-shirts
  - Sweats
  - Slip dresses
  - Halter, lingerie or bra tops
  - Skin-tight clothing
  - Patterned undergarments that show through outer clothing
  - Caps or hats

It is the intern's responsibility to determine each facilities dress code policy prior to arriving at the site.

If it is brought to the attention of the Dietetic Internship and MS Program Director or Standards Committee that any intern has violated the dress code of a supervised practice facility there will be an immediate investigation as follows:

- a. The DI Director will hold an informal conference within seven (7) working days, hearing written and oral evidence, including witnesses' statements, from both the accuser and the intern. The DI Director and/or the Standards Committee will then:
  1. Recommend dismissal of the complaint without prejudice OR
  2. The DI Director will recommend an F-day(s) according to the F-day policy
  3. Recommend a formal hearing within seven (7) working days with the Standards Committee OR
  4. Recommend immediate dismissal from the program with a grade of "F" in the supervised practice course.

### **Burden of Proof**

The burden of proof in all formal and informal conferences and hearings shall be "reasonable cause". It shall be based on the following:

1. Direct observation by the director, preceptor or other supervising personnel.

## **POLICY No. 7**

### **SUBJECT: Client/Patient Confidentiality**

#### **POLICY**

Stephen F. Austin State University has written contract agreements with area healthcare facilities that allow for the clinical training of persons accepted to the Dietetic Internship and MS Program. All SFASU faculty, staff and interns participating in educational activities at these facilities will abide by applicable laws and standards of client/patient confidentiality as established by the facilities including the Health Insurance Portability and Accountability Act (HIPPA) of 1996.

#### **PROCEDURE**

The Dietetic Internship Director will require that students conduct HIPAA training through CastleBranch.com

Interns will acknowledge their understanding and willingness to comply with any and all facility policies that ensure client/patient confidentiality.

Specifically, dietetic interns will:

1. Review HIPAA and other policies that regulate the privacy of patient's health information.
2. Review and abide by all policies and procedures regarding client/patient privacy and confidentiality at a supervised practice facility before beginning any activities there.
3. Always be aware of and maintain confidentiality of any client/patient information.
4. Report any violation of client/patient confidentiality to the supervising preceptor of that facility and/or the Dietetic Internship and MS Program Director.
5. Acknowledge that any violation of client/patient confidentiality will require disciplinary and possibly legal action.
6. Provided documentation to having received training and agreeing to abide by all laws and policies regarding client/patient confidentiality.

Additionally, dietetic interns will:

1. Never disclose any client/patient information while in the facility unless it is part of a specific assignment or discussion with your preceptor or other health professionals.
2. Never remove or photocopy for removal any part of a client/patient record.
3. Not use client/patient information as part of the learning experience for a case study presentation or classroom discussion without excluding all of the following information as possible:
  - a. name
  - b. age if greater than 89
  - c. geographical place of origin
  - d. date of admission, discharge, or death
  - e. contact information including but not limited to phone numbers, address, and email contact

- e. client/patient identification number or social security number
- f. any insurance information including allowable coverage and identification number
- g. uniquely identifying characteristics that could potentially reveal the identity of the client/patient

Specific HIPAA requirements regarding case studies will be posted in the learning platform and reviewed in NUTR 5311.

If it is brought to the attention of the Dietetic Internship and MS Program Director or Standards Committee that any intern has violated the privacy policies of a supervised practice facility there will be an immediate investigation as follows:

- a. Hold an informal conference within seven (7) working days, hearing written and oral evidence, including witnesses' statements, from both the accuser and the intern. The DI Director and Standards Committee will then:
  - 1. Recommend dismissal of the complaint without prejudice OR
  - 2. The DI Director will issue an F-day(s) according to the F-day policy OR
  - 3. Recommend a formal hearing within seven (7) working days with the Standards Committee OR
  - 4. Recommend immediate dismissal from the program with a grade of "F" in the supervised practice course.

### **Burden of Proof**

The burden of proof in all formal and informal conferences and hearings shall be "reasonable cause". It shall be based on the following:

- 1. Direct observation of the director, preceptor or other supervising personnel.
- 2. Copies of confidential material included with assignments or projects.

## **POLICY No. 8**

### **SUBJECT: Absenteeism & Tardiness**

#### **POLICY**

The SFA Dietetic Internship has written contracts with facilities that have graciously agreed to provide supervised practice experience to participants of this program. Interns are expected to arrive on time, stay the entire scheduled time and be prepared to work for all scheduled supervised practice experiences.

Hours missed due to an excused illness, accidents or unavoidable delays may be made up at the discretion of the supervising preceptor and the DI Director.

#### **PROCEDURE**

- 1. Interns are responsible for allowing adequate time needed to commute to the supervised practice facility in order to arrive at the designated time.
- 2. In the event that an intern will be late, absent or need to leave earlier than the scheduled time required by the preceptor, **the intern must email both the supervising preceptor and the DI Director at the earliest possible time of that work day, EVERDAY until the intern returns to the site.**
- 3. Supervising preceptors must document all hours missed for any reason.

4. If greater than 3 days are missed due to illness, the DI Director will meet with the student to determine need for further documentation (i.e., medical excuse) and how to proceed with supervised practice/course grades.
5. Repeated unexcused absences, tardiness or not completing the full scheduled time at the facility may result in disciplinary action including but not limited to:
  - a. Informal conference within seven (7) working days, hearing evidence from both the preceptor, intern and witnesses. The DI Director and Standards Committee MAY:
    - i. Recommend dismissal of the complaint without prejudice OR
    - ii. Recommend removing the intern from the supervised practice site and allow make-up time at a different facility at the end of the year OR
    - iii. The DI Director will issue an F-day(s) according to the F-day policy OR
    - iv. Dismiss the intern from the program with a grade of "F" for the supervised practice course.

### **Burden of Proof**

The burden of proof in all formal and informal conferences and hearings shall be "reasonable cause". It shall be based on the following:

- Documentation of absence or tardiness by the supervised practice preceptor or the instructor of record for a course

## **POLICY No. 9**

### **SUBJECT: Academic and Supervised Practice Achievement**

#### **POLICY**

The SFA Dietetic Internship includes academic coursework both in the form of formal graduate classes and assignments/competencies linked to the supervised practice component. Dietetic interns must achieve a grade of "B" or better in all formal course work and assignments linked to supervised practice and a satisfactory or above on all ACEND required competencies in supervised practice.

#### **PROCEDURE**

1. Formal course grades will be reviewed on an ongoing basis by the DI Director. If a grade less than a "B" has been assigned for any class required by the Dietetic Internship and MS Program (NUTR 5311, NUTR 5431, NUTR 5321), the remediation procedure below will be implemented. For all other course grades, the program will follow the university's [graduate bulletin](#), which indicates that students must have a 3.0 on a 4.0 scale to earn a graduate degree.
2. Assignments associated with ACEND required learning outcomes must be turned in on time and grades will be assigned by the Dietetic Internship Director. If the grade on an assignment associated with ACEND required learning outcomes is less than satisfactory or above (see individual syllabi for what constitutes satisfactory), the Dietetic Internship Director will review the assignment with the intern and allow them to resubmit an assignment of appropriate quality within one week. Continued submission of inadequate assignments (> 3) that result in less than satisfactory for ACEND required learning outcomes will result in the consequences stated above in 1.

Remediation procedure:

- a. The DI Director will formally meet with the intern to determine a plan to improve the grade/score.
- b. If the inadequate performance was the result of a temporary personal crisis the DI Director will refer to the withheld grade policy:  
<https://www.sfasu.edu/docs/policies/5.5.pdf>
- c. Interns can appeal a final course grade according to the grade appeal policy 6.3:  
<http://www.sfasu.edu/policies/final-course-grade-appeals-by-students-6.3.pdf>
- d. If the grade cannot be improved by the time final grades are calculated, the Dietetic Internship Director, the Instructor of Record, and Standards Committee MAY may deem that the individual is unfit for completion of the program and dismiss the intern from the Dietetic Internship/MS program.

All supervised practice assignments, projects, and applicable competencies must be scored by the preceptor with a satisfactory or above (on a 3-point rating scale of exceeds expectations to needs improvement). For rotations > 4 weeks, an interim evaluation will be conducted by the preceptor. The site preceptor or designee(s) will evaluate the intern at mid-point in order to provide the intern with actionable steps to successfully complete the rotation if improvement is needed. The report will be shared with the DI Director.

Remediation procedure: If a competency/learning outcome is rated “Needs Improvement” by a preceptor:

- a. The intern and preceptor will contact the DI Director immediately.
- b. The intern, the DI Director and the preceptor will determine what needs to be done to meet the required competency with a satisfactory or above, this could be more time at the site, outside work or an opportunity to meet the competency at another site. The DI Director will revise the schedule accordingly.
- c. If the inadequate performance was the result of a temporary personal crisis the DI Director will refer to the maximum amount of time policy.
- d. If the inadequate performance cannot be remediated after two failed attempts, the Dietetic Internship Director, the Instructor of Record, and Standards Committee MAY deem that the individual is unfit for completion of the program and dismiss the intern from the Dietetic Internship.

### **Burden of Proof**

The burden of proof in all formal and informal conferences and hearings shall be “reasonable cause”. It shall be based on the following: Course grades, assignment grades, rubric for competencies by the preceptor in Livetext or mid-point evaluation.

## **POLICY No. 10**

### **SUBJECT: Maximum Amount of Time**

#### **POLICY**

The ACEND program objective indicates that: At least 80% of program interns complete program requirements within 150% of the program length.

The maximum amount of time the intern will have to complete supervised practice and all assignments associated with supervised practice is 18 months from the start of supervised practice.

#### **PROCEDURE**

1. The DI Director will continuously review the time to completion of supervised practice, competencies and the required graduate courses (NUTR 5431, 5231, 5332, 5335, 5339).
2. The intern will be advised by the DI Director every semester and it is the responsibility of the intern to adhere to the advising form and alert the DI Director of any deviations. Deviating from the schedule can delay the intern by as much as 12 months given the rotation of graduate course offerings.
3. If the intern cannot complete the requirements within 150% of the time frame (18 months for supervised practice and completion of all competencies), a verification statement of completion will not be issued unless extenuating circumstances are documented.
  - a. The DI Director will meet with the intern to determine a plan to improve time to completion.
  - b. If the inadequate time to completion was the result of a temporary personal crisis the DI Director will refer to the withheld grade policy:  
<https://www.sfasu.edu/docs/policies/5.5.pdf>
  - c. If the intern cannot complete the internship and graduate course requirements, the Dietetic Internship Director, the Instructor of Record, and Standards Committee MAY deem that the individual is unfit for completion of the program and dismiss the intern from the Dietetic Internship.

#### **Burden of Proof**

The burden of proof in all formal and informal conferences and hearings shall be “reasonable cause”. It shall be based on the following:

- Course grades, assignment grades, rubric for competencies by the preceptor in Livetext

#### **Note: University Requirements - Limitation of Time for the MS Degree**

All work on a graduate degree must be completed within six years of the time the student first enrolls in graduate courses, whether the courses are taken here or elsewhere. In the case of the student who serves on active duty with the armed forces of the United States between the dates of matriculation and graduation, the six-year limitation will be extended one year for each year of active duty up to a maximum extension of four years.

## **POLICY No. 11**

### **SUBJECT: Authentic Originality of Work**

#### **POLICY**

The SFA Dietetic Internship requires that all assignments and materials submitted by dietetic interns be their own original work. Even though appropriate citations for reference material must be provided, it is not acceptable to copy verbatim or nearly verbatim from any source.

#### **PROCEDURE**

1. Assignments and materials submitted for graduate course work or supervised practice will be reviewed for original authenticity by the instructor of record and/or the Dietetic Internship Director. The university uses Turnitin to determine authenticity. If submitted work is not authentically original as required by the Dietetic Internship and MS Program, the Dietetic Internship Director, the Instructor of Record, and Standards Committee MAY
  - a. Follow the academic integrity procedures as outlined by the university: <http://www.sfasu.edu/policies/student-academic-dishonesty-4.1.pdf>
  - b. Deem that the individual is unfit for completion of the program and dismiss the intern from the Dietetic Internship.

#### **Burden of Proof**

The burden of proof in all formal and informal conferences and hearings shall be “reasonable cause”. It shall be based on the following:

- Copies of plagiarized materials

## **POLICY No. 12**

### **SUBJECT: Professional Disposition**

#### **POLICY**

The SFA Dietetic Internship requires that dietetic interns consistently demonstrate a professional disposition to all program stakeholders including faculty, staff, students, fellow interns, preceptors, staff, clients, and guests of supervised practice facilities.

#### **PROCEDURE**

1. Formal Disposition Evaluations will be completed by the preceptor(s) involved in supervised practice and reviewed by the Dietetic Internship Director. Failure to maintain a consistent professional disposition as reflected by scores on the Student Evaluation by Preceptor, the Dietetic Internship Director, the Instructor of Record, the Supervised Practice Preceptor and the Standards Committee MAY:
  - a. Have an informal conference within seven (7) working days, hearing evidence from both the preceptor, intern and witnesses. The DI Director and Standards Committee MAY:
    - i. Recommend dismissal of the complaint without prejudice OR
    - ii. Recommend removing the intern from the supervised practice site and allow make-up time at a different facility OR
    - iii. The DI Director will issue an F-day(s) according to the F-day policy OR
    - iv. Dismiss the intern from the program with a grade of "F" for the supervised practice course.
  - b. Determine that inadequate performance was the result of a temporary personal crisis and that the intern has the potential to improve their professional disposition in a satisfactory manner. In this case the Dietetic Internship Director and the Standards Committee MAY:
    1. Work with the preceptor to determine if continuance in the rotation is viable and whether extended supervised practice hours is warranted.
    2. Elect to give the intern a "WH" for the final term grade along with a list of assignments that must be completed in a satisfactory manner prior to the beginning of the next semester or other appropriate date.
    3. Suspend the intern from supervised practice until such time that the student is able to demonstrate consistent professional disposition. In this instance, the Dietetic Internship Director will arrange for completion of supervised practice hours AFTER a satisfactory improvement has been recorded.

#### **Burden of Proof**

The burden of proof in all formal and informal conferences and hearings shall be "reasonable cause". It shall be based on the following:

- Evaluations completed by the supervised practice preceptor

## **POLICY No. 13**

### **SUBJECT: Verification of Completion**

#### **POLICY**

The SFA Dietetic Internship requires that dietetic interns provide documentation of having satisfactorily completed the program requirements to receive an ACEND Verification Statement. A verification statement of completion will be awarded after successful completion of supervised practice, all ACEND required competencies (both in supervised practice and the required graduate courses).

#### **PROCEDURE**

The following items must have been turned in and be on file with the DI director:

- DPD Verification Form
- Final official transcript from the institution that conferred your BS degree
- Documentation of a minimum of 1000 hours (this will be conducted in the Field Experience Module in Livetext)
- Evaluations approved by the preceptor(s) indicating satisfactory completion of ALL competencies (this will be conducted in the Field Experience Module in Livetext). NOTE: competencies will be completed in supervised practice and within the following graduate courses: NUTR 5431, 5231, 5332
- Completed site evaluations for all supervised practice sites (this will be conducted in the Field Experience Module in Livetext)
- Copy of the CDR transcript release form

#### **Burden of Proof**

It is the responsibility of the dietetic intern to complete all required materials and submit documents as indicated to the Dietetic Internship Director.

#### **DI Director's Responsibilities**

It is the responsibility of the Dietetic Internship Director to maintain accurate files for all interns.

An electronically signed verification statement of completion will be emailed to all students at the end of year 1 (around July), following documentation of all requirements.

The DI Director will submit information to the Commission on Dietetic Registration (CDR) for eligibility to sit for the RDN examination during the month of July.

The Department keeps intern records on file in a secured, password-protected computer or in file cabinets in the DI Director's locked office.

#### **RD Exam Information**

Once the intern successfully completes the dietetic internship and has received a verification statement, they are eligible to sit for the registration exam. The Commission on Dietetic Registration (CDR) is the credentialing agency for The Academy of Nutrition and Dietetics. For more information visit CDR's website: <http://www.cdrnet.org>

## **POLICY No. 14**

### **SUBJECT: Transportation and Travel to Sites**

#### **POLICY**

Interns that operate a motor vehicle in the State of Texas **must** have a valid driver's license and carry at least liability automobile insurance coverage.

#### **PROCEDURE**

The following items must be turned in and be on file with the DI Director at the beginning of your internship:

- Proof of a clean Driver's License with no DUI citation.
- Proof of automobile insurance.

The internship and sponsoring facilities are not liable for accidents which occur while interns are traveling to and from assigned areas.

#### **POLICY 2**

The intern is responsible for the costs and arrangement of all travel associated with the program.

#### **PROCEDURE**

Interns may be expected to commute up to an hour-and-a-half around the East Texas area. Commute time does not count for actual time at the facility and should not be counted on the time log.

## **Policy No. 15**

### **SUBJECT: Health Insurance/Injury/Illness**

#### **POLICY**

Interns must maintain adequate health insurance coverage and notify the DI Director and preceptor of injury or illness.

#### **PROCEDURE**

The following items must be turned in and be on file with the DI Director at the beginning of your internship:

- Proof of health insurance

The following are suggested companies that interns who do not have health insurance can use: Blue Cross Blue Shield - SFA Student Health Insurance Plan: <https://sfasu.myahpcare.com/> or United Health's Short Term Health Insurance: <https://www.uhc.com/individual-and-family/short-term-health-insurance>

In the event of an accident or injury at a facility, interns should comply with the policies at the supervised practice site. Interns should follow-up with their health care provider following an accident or injury. The DI Director should also be notified concerning any injury or illness that occurs at the supervised practice site. Interns must discuss attendance and sick leave policy with the preceptor at the start of each rotation. Interns must work with the DI Director and preceptor to schedule a time to make-up any hours lost due to illness. SFA is not responsible for any accident or

injury at a facility or the results of an accident or injury.

Practicum experiences, like any other activity that exposes an individual to the general public, have always presented a risk that one might come in contact with a contagious disease or virus. Currently, the most notorious risk is exposure to COVID-19. Symptoms common to COVID-19 include fever, cough, chills, muscle pain, sore throat, and shortness of breath. By participating in the practicum experience, you acknowledge and accept the risks associated with potentially being exposed to a contagion, including COVID-19. You agree to follow the site's and university's health and safety protocols, including any disclosure and distancing requirements. Practicum sites are not owned or controlled by the university and therefore are outside its ability to manage and minimize exposure risk. The university cannot ensure the practicum site is free of contagions. You should monitor your own personal health status and determine whether the practicum environment is in your best interest this semester.

### **PROCEDURE**

- If greater than 3 days are missed due to illness or injury, the DI Director will meet with the student to determine the need for further documentation (i.e., medical excuse) and how to proceed with supervised practice/course grades. See policy No. 8 Absenteeism & Tardiness.

### **Burden of Proof:**

The burden of proof in all formal and informal conferences and hearings shall be “reasonable cause”. It shall be based on the following:

- Email of preceptor and DI Director request for time off and approval, preceptor approval of the time log.

## **POLICY No. 16**

### **SUBJECT: Purpose of Supervised-Practice and Compensation**

#### **POLICY**

The supervised-practice component of the SFA DI is for educational purposes only. Interns are not to act as or be treated as an employee of the facility. This policy explicitly prevents the use of interns to replace employees (excluding rotations where staff relief is required/expected for educational purposes).

#### **PROCEDURE**

1. Interns will initial policy indicating their understanding of this policy.
2. Interns will contact the DI Director if they feel a facility is violating this policy.

#### **Compensation**

Supervised practice is typically unpaid, although if the opportunity arises for compensation, this will be allowed as long as the facility remains compliant with this policy.

#### **PROCEDURE**

1. If a facility offers an intern compensation, the intern will discuss the opportunity with the DI Director.
2. The DI Director will contact the facility and discuss the purpose of supervised-practice policy to determine if there are any changes in the intern role based on compensation.
3. The facility must agree if the intern is put on payroll that the roles and responsibilities are of an intern and not that of an employee.
4. A preceptor is required to precept the intern and complete all evaluations and assessments as required by this handbook.

#### **Burden of Proof:**

The burden of proof in all formal and informal conferences and hearings shall be “reasonable cause”. It shall be based on the following:

- Position description or letter from the facility indicating that the intern is not acting as an employee.

## **POLICY NO. 17**

### **SUBJECT: Work Schedule, Holidays and Personal Days**

#### **POLICY**

Rotations are scheduled according to availability kept on a master schedule of rotation sites in the learning platform. The graduate coursework for the Dietetic Internship and MS Program follows the University calendar, but the supervised-practice schedules will not directly follow the University calendar. Holidays include 1 week of Thanksgiving break, 2-3 weeks in December/January, 1 week of Spring Break, 2 days in April for Easter and are indicated on the master schedule. The student will follow the preceptor's schedule for time at the site, including holidays that are not listed on the schedule. There will be some weekend, early morning and/or evening work for most interns. Personal time off should be requested in writing if it is taken during the work schedule or the schedule that the preceptor requires.

#### **PROCEDURE**

1. Students who need to take personal days while in supervised practice will need to request permission 2 weeks prior in an email to the DI Director first, then copy the DI Director when emailing the preceptor to request time off.
2. No more than 3 personal days will be allowed unless there are extenuating circumstances. Students who take personal days without notifying the DI Director will receive formal counseling on the policy and/or an F-day.
3. All personal days will need to be made up according to the discretion of the preceptor. Missed hours that are not made up could interfere with the ability to accrue the minimum 1,000 hours of supervised practice. It is the responsibility of the student to calculate accrued hours and know where they stand.
4. Absence of burden of proof (see below) could result in an unexcused absence.

#### **Burden of Proof:**

The burden of proof in all formal and informal conferences and hearings shall be "reasonable cause". It shall be based on the following:

- Email to preceptor and DI Director request for time off and approval, preceptor approval of the time log.

## **POLICY No. 18**

### **SUBJECT: Fail (“F”) Day Policy**

#### **POLICY**

All dietetic interns are expected to abide by the Academy Code of Ethics, the SFASU DI Program policies and procedures, and the policies and procedures in place at each of the supervised-practice facilities that they complete a rotation at throughout the internship program.

Unacceptable behavior is grounds for receiving a Fail Day, further referred to as an “F” Day. This policy applies to any activity for which the student receives supervised-practice hours for the internship or ACEND required student learning outcomes.

An intern who receives three (3) “F” days throughout the Dietetic Internship will be dismissed from the internship and will not be allowed to re-enter the SFA DI program.

If a student receives an “F” day, they may appeal the decision to the DI Standards Committee; a committee comprised of SFA FND faculty.

The following represent one (1) “F” day:

- Failure to abide by the Academy Code of Ethics
- Failure to adhere to all SFA DI program policies and procedures
- Unexcused absence from supervised-practice rotation/hours
- Three failures to arrive at the supervised-practice site on-time, with tardiness described as being 10 or more minutes late to the site.
- Three failures to turn in required paperwork on time
- Failure to use facility technology appropriately (e.g. on social media, checking email, shopping, or using the computer/internet/technology for any reason not authorized by the site preceptor.

#### **PROCEDURE**

The DI Director will document, in writing, the basis upon which the student is eligible to receive an “F” day. Following this initial documentation, the DI Director will meet individually to discuss the situation/behavior/documentation with the student. After the information gathered during this conference is considered, the DI Director will determine if an “F” day will be applied. Both the student and DI Director will sign the documentation regarding the conference and the final decision. This signed document will then be included in the student’s file.

If a student receiving an “F” day desires to appeal the decision, they must inform the DI Director, in writing, of this request. After the written request is received, the DI Director will contact the DI Standards Committee to schedule a meeting with the student to review the situation and consider the student’s appeal. If the appeal is denied by the DI Standards Committee, the student may choose to make a second appeal to the Director of the School of Human Sciences. This request must be made in writing to the DI Director, who will then contact the Director of the School of Human Sciences to schedule a meeting between all parties involved.

## **POLICY NO. 19**

### **SUBJECT: Pre-Select Policy**

#### **POLICY**

SFA is approved by the Accreditation Council for Education in Nutrition and Dietetics (ACEND) to participate in the pre-select program under the following premise:

The program admits graduates with degrees from programs at the same institution and wishes to grant early admission to those applicants. Applicants not selected may apply to other programs through computer matching.

The program can pre-select up to 5 of the 10 internship spots that meet the following eligibility requirements:

- Current SFA DPD undergraduate students in good standing who are graduating by May to meet the internship start date in the summer of the same year.
- SFA alumni who graduated from the SFA DPD program within the last five years.
- Current SFA DPD graduate students in good standing in the Master of Science in human sciences program.

#### **PROCEDURE**

Applicants to the pre-select option must meet the same admission criteria as all applicants to the program. This includes having:

- Overall GPA of  $\geq$  to 3.2 and a DPD GPA of  $\geq$  to 3.4 on a 4.0 scale
- DICAS application completed by January 10<sup>th</sup> by 11:59 p.m. (the application will include an original verification statement of completion of academic requirements or declaration of intent to complete academic requirements by May, official transcript(s), three letters of recommendation, a personal statement, a resume, and a description of work/volunteer experience).

The program will notify pre-select candidates and D&D Digital by February 1 to give applicants who were not selected time to apply for other internships through the DICAS system and D&D Digital.

Selected applicants must confirm their acceptance to the dietetic internship director by email within 24 hours of notification. After this time, the program is under no obligation to hold the opening for the selected applicant.

## POLICY NO. 20

### SUBJECT: Prior Learning Policy

#### POLICY

SFA grants credit for assessment of prior learning (APL) allowed by the Accreditation Council for Education in Nutrition and Dietetics (ACEND). APL grants credit to interns who can demonstrate documentation of work experiences that are equivalent to the required ACEND competencies that are provided in supervised practice. Coursework or experience required by the DPD program will not be counted towards APL credit.

Graduate course assignments will NOT be waived unless hours are granted for a specific rotation as part of the APL credit.

The tuition and fees for the Internship will remain the *same*, regardless of the amount of APL granted. APL hours awarded will ***in no instance exceed the number of hours assigned to interns for a rotation.*** For example, the hospital foodservice management rotation is 96 hours/3 weeks, WIC clinic is 64 hours/2 weeks (See supervised experience schedule in this handbook). The experiences must be **equivalent** to the required rotations in the internship.

Prior learning is granted for one of the following paid work experiences:

Hospital Foodservice Management (FSM)/Independent School District

- 6 months full-time or 1-year part-time work experience = up to 32 hours/1 week APL credit
- 1-5 years (full-time or equivalent) work experience = up to 96 hours/3 weeks APL credit

WIC/Extension

- 6 months-1 year (full-time or equivalent) work experience = up to 32 hours/1 wk APL credit
- 1-2 years (full-time or equivalent) work experience = up to 64 hours/ 2 wks APL credit
- 2+ years (full-time or equivalent) work experience = up to 96 hours/3 wks APL credit

Clinical

- 1+ years (full-time or equivalent) work experience = up to 2 wks APL credit

#### PROCEDURE

- If you are interested in prior learning credit assessment, please contact the DI Director for the prior assessment worksheet for foodservice management, community, or clinical.
- Provide documentation as evidence for meeting the CRDN competencies as per the instructions on the worksheet.
- Paperwork must be submitted by June 1<sup>st</sup> after receipt of internship acceptance.
- The DI Director will inform the intern as to which competencies have been assessed as “met” and the hours of internship time that will be adjusted.
- Submission of an APL does not guarantee credit will be awarded, in full or in part as requested.
- There are no exceptions for “late” or “delayed” APL
- **Additional documentation**/clarification of activities must be provided to the DI Director **upon request**. Failure to do so in a timely manner may preclude obtaining APL credit.

## **POLICY NO. 21**

### **SUBJECT: Notification of Potential Ineligibility For An Occupational License Due To Conviction Of Offense**

#### **POLICY**

Per HB1508, Texas Occupation Code, Chapter 53, if you have been convicted of an offense, then you may be ineligible to be licensed

This is a notification from Texas HB 1508, Texas Occupations Code 58.001. if you are applying for admission to a program that may prepare an individual for an initial occupational license as defined under Texas Occupations Code 58.001, in accordance with state law, please be advised of the following:

- An individual who has been convicted of an offense may be ineligible for issuance of an occupational license upon completion of the educational program;
- Each licensing authority that may issue an occupational license to an individual who completes an educational program must establish guidelines which state the reasons a particular crime is considered to relate to a particular license and any other criterion that affects the decisions of the licensing authority.
- Local or state licensing authorities may issue additional guidelines related to criminal history. Applicants should contact their respective local or county licensing authority for more details.
- A person has the right to request a criminal history evaluation letter regarding the personal eligibility for a license issued by a licensing authority under Texas Occupations Code 53.102.

Applicants are encouraged to review all applicable eligibility requirements related to the respective occupational license. Questions related to eligibility requirements should be directed to the applicable licensing authority. For Texas licensure of Registered Dietitians, please refer to the Texas Department of Licensing and Regulation (TDLR) on criminal convictions, including the criminal history evaluation letter, at: <https://www.tdlr.texas.gov/crimconvict.htm>  
<https://www.tdlr.texas.gov/crimHistoryEval.htm>

## **POLICY NO. 22**

### **SUBJECT: Licensure**

#### **POLICY**

The State of Texas issues licenses for RDNs and many employers in Texas may require a Texas license to practice. Information on licensure for the State of Texas can be found on the [Texas Department of Licensing and Regulation website](#). States vary in the requirements to practice nutrition and title protection. Please see the [licensure map](#) for more information on state-specific requirements.

## **POLICY NO. 23**

### **SUBJECT: Student and Preceptor Grievances/ACEND Non-compliance**

#### **POLICY**

Students and preceptors who have a grievance may seek a resolution without fear of retaliation. Students and preceptors who have a grievance with the DI Director should address it with the DI Director in writing. If the concern is not resolved, then it should be brought to the School Director.

If students have a concern about a course, they should always speak to the professor on record. If the concern is grade related, especially a final course grade, they must speak to the professor within five days of receiving the grade as stated in the Grade Appeals procedure.

If the concern has not been resolved, then a formal Grade Appeal following the [Grade Appeal Policy \(6.3\)](#) should be filed.

If there is a complaint regarding noncompliance with ACEND Accreditation Standards, a written copy of the complaint should be provided to the DI Director who will then attempt to resolve the complaint with the student or preceptor. If the concern is not resolved, then it should be brought to the School Director. If a resolution cannot be made after filing a written complaint to the School Director, a written complaint may be filed with ACEND.

The ACEND board does not intervene on behalf of individuals or act as a court of appeal for individuals in matters of admissions, appointment, promotion or dismissal of faculty or students. It acts only upon a signed allegation that the program may not be in compliance with the Accreditation Standards or policies. The complaint must be signed by the complainant. Anonymous complaints are not considered. Procedures for filing a complaint can be found at the [ACEND website](#).

#### **PROCEDURE**

- Preceptors or students should bring grievances against the DI Director to the DI Director's attention in writing and immediately.
- If the issue remains unresolved, the preceptor or student should bring it to the attention of the School Director within 5 days of nonresolution with the DI Director.
- Students with course concerns should contact the professor in writing before the end of the semester.
- If the issue is not resolved, complete the formal grade appeal
- Complaints regarding ACEND non-compliance should be brought to the DI Director's attention in writing and immediately.
- If the issue remains unresolved, the preceptor or student should bring it to the attention of the School Director within 5 days of nonresolution with the DI Director.
- If the issue is not resolved after all courses of action in the procedure are taken, then the complaint can be filed with ACEND.

## **POLICY NO. 24**

### **SUBJECT: Equitable Treatment and Diversity**

#### **POLICY**

##### **Equitable Treatment**

SFASU DI/MS program complies with the [university policy 2.11](#) related to nondiscrimination.

#### **PROCEDURES**

Incidents should be reported to a university official (DI Director, faculty, School Director, or Dean of Student Affairs) as soon as the incidence occurred. Please see [university policy 2.11](#).

Any allegations of sex-based discrimination may also be directed to the attention of the Title IX Coordinator. Under Texas law, all University employees must promptly report the incident to the University's Title IX Coordinator, within 48 hours.

# FORMS

## DI Time Log

**To be completed by the intern daily or weekly  
in the Field Experience Module (FEM) within Livetext**

The time log in FEM will need to be completed daily or weekly. Please enter the date, a description of the activity (category) and hours worked. See example below:

Date	Category	HH:MM	Apprv
09/25/22	Completed dairy-free handout, prepped for cooking demo, observed counseling session, completed an assessment	08:00	
09/26/22	Worked with preceptor on cooking demo, updated diabetes handout	07:30	

The preceptor will approve your hours either daily, weekly or before you leave the rotation. Please make sure this is done before you leave the site. Time accrued in alternate experiences and any hours approved for prior learning will be tracked in the faculty rotation time log and approved by the DI Director.

## Dietetic Intern Site Evaluation

**To be completed by the intern in the FEM within Livetext**

	Disagree		Agree		Strongly Agree
1. I had no difficulty contacting the facility/preceptor and establishing my initial meeting time.	1	2	3	4	5
2. I received an orientation to the facility.	1	2	3	4	5
3. I received an orientation/overview/introduction to the assigned department.	1	2	3	4	5
4. I meet with the preceptor(s) and received a schedule of assigned duties and assignments.	1	2	3	4	5
5. The assignments and activities I participated in reinforced the required competencies.	1	2	3	4	5
6. This facility provided me with the opportunity to complete needed competencies.	1	2	3	4	5
7. In this facility, a dietitian is a highly respected member of the program team.	1	2	3	4	5
8. I was afforded the opportunity to attend team meetings at this facility.	1	2	3	4	5
9. When appropriate, I was released from duties to attend professional dietetic meetings.	1	2	3	4	5
10. During this rotation I was encouraged to think, question, and evaluate.	1	2	3	4	5
11. The preceptor(s) at this facility adhered to the Academy Code of Ethics.	1	2	3	4	5
12. The preceptor(s) displayed mastery of the subject including current issues.	1	2	3	4	5
13. The preceptor(s) were willing and interested in helping me learn.	1	2	3	4	5
14. The preceptor(s) had adequate time to help me learn new tasks.	1	2	3	4	5
15. The preceptor(s) provided me with positive feedback as I learned new tasks.	1	2	3	4	5
16. The preceptor(s) provided me with appropriate suggestions to improve my skills.	1	2	3	4	5
17. The preceptor(s) encouraged me to grow professionally during this rotation.	1	2	3	4	5
18. By the end of my rotation I was encouraged to work with minimal supervision.	1	2	3	4	5
19. This rotation made a significant contribution to my professional development.	1	2	3	4	5

**Stephen F. Austin State University Dietetic Internship**  
**Student Evaluation by Preceptor**  
**The preceptor will complete this**  
**in the Field Experience Module (FEM) within Livetext**

<b>While at this facility, the Dietetic Intern:</b>	<b>Always</b>	<b>Most of the Time</b>	<b>Sometimes</b>	<b>Rarely</b>	<b>Not Observed</b>
Adhered to the Academy of Nutrition and Dietetics Code of Ethics for Registered Dietitians					
Dressed according to facility dress code					
Exhibited professionalism (appropriate dress code, mannerisms- eye contact, posture, etc.)					
Used technology appropriately and ethically (did not text, talk on the cell phone, mindful of HIPAA, etc.)					
Possessed effective oral and written communication skills					
Contacted the preceptor in advance, arrived on time, met obligations/timelines, was prepared					
Displayed a positive attitude, emotional maturity and interest in being at the site and learning new skills/concepts					
Worked well as a team member with all staff and professionals in the work place; demonstrated respect for the knowledge, skills and abilities, and opinions of others					
Displayed caring and compassion toward the clients/patients and staff					

Comments:

# DISTANCE LEARNING

Graduate course modalities are offered in a hybrid (face-to-face/Zoom Livestream) format or are delivered fully online. The courses with Zoom Livestream options are taught in classrooms with Zoom capabilities, equipped with microphones and cameras that track the movement of the instructor and students in the classroom, and the instructor and students can see those attending via Livestream.

All faculty at Stephen F. Austin State University (SFASU) must be certified through the Center for Teaching and Learning (CTL) at SFASU before being approved to develop or teach fully-online distance courses.

Students will be charged an additional \$33 per credit hour for web-based courses in addition to the standard tuition rate.

Students who do not live in the Nacogdoches area and do not have convenient access to the Steen library or campus computer labs will need a computer with internet excess (preferably high speed) to complete work associated with the dietetic internship combined MS program. Students will also need word processing and presentation design software

Please use the course evaluation tool to provide feedback about the course instructor's online delivery methods to help the faculty continuously improve the format.

## **Verification of Student Identification**

SFA verifies student identity using two-factor authentication (a secure username and password, plus an additional push-based authentication via mobile app, phone, or token), as well as through proctored examinations. You will be provided a username and instructions to access mySFA (the university's secure web portal), where you will establish a password.

Distance education students must use login credentials issued to and known only to them to access all computer systems, including mySFA, the student information system, registration system, electronic mail, library systems, learning management system, and associated instructional content systems. SFA uses a single sign-on authentication system for added security.

For exams, the university uses ProcturU (live, remote proctoring service) or Proctorio (automated remote proctoring service) which provides faculty the option to require students to show identification.

# SFA SPECIFIC POLICIES AND PROCEDURES

## Master's degree Requirements

1. The master's degree without a thesis requires a minimum of 36 semester hours (with some exceptions) of coursework. The master's degree with thesis requires a minimum of 30 semester hours (with some exceptions), including six hours thesis.
2. If a graduate minor and/or electives are approved, the graduate major is minimally 18 semester hours and must total more hours than does the minor. The graduate minor is minimally nine semester hours. A maximum of six semester hours may be in electives.
3. Excluding the MBA, MSW and the MPA, to major the student must present an undergraduate background of a least 18 semester hours in that field or in closely related work.
4. With the approval of the major department and of the academic dean, a student may transfer from another accredited graduate school up to six semester hours of graduate work toward a master's degree with a thesis and up to 12 semester hours toward a nonthesis master's degree. Transferred work must be completed with a grade of B or higher and will be accepted only for credit toward a graduate degree at SFA and not for purposes of raising the GPAs earned at SFA. The work must have been taken not earlier than six years prior to the student's first graduate enrollment at SFA. Moreover, if the student fails to complete work on the graduate degree at SFA before the expiration of the six years, the work will not be applicable toward a degree here. The transcript must clearly show the course(s) to be transferred was (were) taken for graduate credit.
5. Coursework used to satisfy requirements for a previous master's degree, whether taken at SFA or elsewhere, may not be used to satisfy requirements for a second master's degree at SFA.
6. Under certain circumstances, an undergraduate student may simultaneously pursue work toward the bachelor's and master's degrees. See the [Overlap Program](#) elsewhere in this bulletin.
7. To earn a graduate degree, a student must have graduate GPA of 3.0 on a 4.0 scale in both the major and overall. The computation of the overall GPA includes all courses in the major and minor and those elective courses selected to complete the degree requirements. In the case of repeated courses (a student may repeat a maximum of six semester hours of work to raise the GPA); the grade earned in the most recent enrollment will be used to calculate GPA as per university policy. No course with a grade below C can be used to satisfy degree requirements.
8. Work offered for the master's degree should be in courses numbered 5000 and higher.
9. With the exception of the MFA, no more than two advanced graduate studies courses (5575 and 5576) or a total of eight hours may count toward any master's degree without special permission of the academic dean.

10. At least one-third of graduate semester hours must be completed in residence, including on-campus, off-campus, distance education, field-based, practicum, internship and thesis courses, and at least half of the work in the major and in the minor must be completed in residence.
11. In addition to satisfying all coursework for the graduate degree, the student must satisfy all other requirements, including the final comprehensive examination or capstone course and, if applicable, the thesis.
12. All work on a master's degree must be completed within six years of the time the student first enrolls in graduate courses, whether the courses are taken here or elsewhere. For exceptions, see the statement in the "[limitation of time](#)" section.

### **Class Attendance and Excused Absence: Policy 6.7**

Regular, punctual attendance, documented participation, and, if indicated in the syllabus, submission of completed assignments are expected at all classes, laboratories, and other activities for which the student is registered. Based on university policy, failure of students to adhere to these requirements shall influence the course grade, financial assistance, and/or enrollment status. The instructor shall maintain an accurate record of each student's attendance and participation as well as note this information in required reports (including the first 12-day attendance report) and in determining final grades. Students may be excused from attendance for reasons such as health, family emergencies, or student participation in approved university-sponsored events. However, students are responsible for notifying their instructors in advance, when possible, for excusable absences. Whether absences are excused or unexcused, a student is still responsible for all course content and assignments. Students with accepted excuses may be permitted to make up work for up to three weeks of absences during a semester or one week of a summer term, depending on the nature of the missed work. Make-up work must be completed as soon as possible after returning from an absence.

### **Student Academic Dishonesty: Policy 4.1**

Academic integrity is the responsibility of all university faculty and students. Faculty members promote academic integrity in multiple ways including instruction on the components of academic honesty, as well as abiding by university policy on penalties for cheating and plagiarism.

Academic dishonesty includes both cheating and plagiarism. Cheating includes, but is not limited to:

- using or attempting to use unauthorized materials on any class assignment or exam; falsifying or inventing of any information, including citations, on an assignment; and/or; helping or attempting to help another in an act of cheating or plagiarism.

Plagiarism is presenting the words or ideas of another person as if they were one's own. Examples of plagiarism include, but are not limited to:

- submitting an assignment as one's own work when it is at least partly the work of another person;
- submitting a work that has been purchased or otherwise obtained from the Internet or another source;
- and/or, incorporating the words or ideas of an author into one's paper or presentation without giving the author credit.

### **Penalties for Academic Dishonesty**

Penalties may include, but are not limited to reprimand, no credit for the assignment or exam, re-submission of the work, make-up exam, failure of the course, or expulsion from the university. Please read the complete policy, [Student Academic Dishonesty \(4.1\)](#) for more information.

## **Student Appeals**

A student who wishes to appeal decisions related to academic dishonesty should follow procedures outlined in [Academic Appeals by Students \(6.3\)](#)

The Office of Student Conduct and Outreach, a unit of the Dean of Students Office, coordinates the University's student disciplinary, grievance, and conflict resolution processes. Student disciplinary matters are reviewed both by administrative staff and by the University Hearing Panel, while student grievances against faculty and staff are reviewed by the Student Grievance Committee. Appeals of both processes are reviewed by the Student Code Enforcement and Review Board.

**Withheld Grades Semester Grades Policy (5.5)** At the discretion of the instructor of record and with the approval of the academic unit head, a grade of WH will be assigned only if the student cannot complete the course work because of unavoidable circumstances. Students must complete the work by the deadline set by the instructor of record, not to exceed one calendar year from the end of the semester in which they receive a WH, or the grade automatically becomes an F, except as allowed through policy [i.e., Military Service Activation (6.14)]. If students register for the same course in future semesters, the WH will automatically become an F and will be counted as a repeated course for the purpose of computing the grade point average.

If a student has been found guilty of academic dishonesty, a grade of "WP" or "WH" may be changed to "WF" at the discretion of the faculty member. In the case of a grade change to "WF", the course will not count towards the six course drop limit since the student is incurring an academic penalty.

### **Withdrawal from the Program and University**

Students who withdraw from the DI program will need to notify the DI Director in writing. The student will also need to withdraw from the university. Withdrawal from the university procedures can be found here: <https://www.sfasu.edu/registrar/registration-information/how-to-drop-withdraw>. There are deadlines for withdrawing and the student may have additional consequences related to loss of financial aid, insurance coverage and academic status. Transcripts will not be released until there are no outstanding balances on the account. Please see this page: [https:// www.sfasu.edu/sbs/refunds/balances](https://www.sfasu.edu/sbs/refunds/balances) for balances and refund procedures.

### **Student E-mail**

To enhance student services, the University and DI Director will use your SFA email address for communications (OR another verified email account). Students may go to MySFA online to confirm their email address. Please check your email on a regular basis. If students have problems accessing their email account or with any tech support issues, please call 936-468-4357 or email [helpdesk@sfasu.edu](mailto:helpdesk@sfasu.edu)

### **Access to Personal Files**

Students may inspect and review their education records upon request to the appropriate record custodian. Students should submit to the record custodian or an appropriate university staff person a written request that identifies as precisely as possible the record or records they wish to inspect. The record custodian or an appropriate university staff person will make the needed arrangements for access as promptly as possible and notify the student of the time and place where the records may be inspected. Access must be given in 45 days or less from the receipt of the request. The fee for copies of education records will be ten (10) cents per page. This is outlined in [SFA Student Records Policy \(2.10\)](#).

### **Protection of Privacy**

Once accepted into the internship, interns are asked written permission to share their contact information with appropriate parties. Files pertaining to the dietetic internship will be kept on a password-protected computer. Interns will have access to their own personal file upon written request, except for confidential reference letters. In the event there is a performance issue in question, the DI Director will have the authority to share portions of the file with the Standards Committee and/or a specific preceptor related to the case. This will aid in making a decision regarding the eligibility of the intern to continue in the program.

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education. SFA has a written procedure for protecting the privacy of all students, including those enrolled in distance and correspondence education courses or programs. This is outlined in [SFA Student Records Policy \(2.10\)](#). The policy includes a description of information considered directory information that may be disclosed without prior written consent, unless the student notifies the registrar in writing to the contrary by the twelfth class day of a regular semester or the fourth class day of a condensed semester. The Office of the Registrar provides additional information to faculty, staff, students, and parents to promote compliance with FERPA, and all employees are required to complete FERPA training upon hire. University policy 2.10 requires that all university employees, including student employees, with access to student education records repeat Family Educational Rights and Privacy Act (FERPA) training annually. The Registrar and Human Resources are responsible for the deployment of this training. SFA protects the privacy of usernames and passwords via the means listed above.

### **Probation, Suspension and Readmission**

To remain in good standing in Graduate School and to graduate, a student must maintain a 3.0 on a 4.0 scale (B average). During any semester or summer session that the grade point average falls below a B, the student with clear admission to graduate study will be placed on academic probation; the student with probationary admission will be placed on academic suspension. A student placed on academic probation and failing to restore an overall 3.0 (B) average the following semester or summer sessions will be placed on academic suspension. A student placed on academic suspension is denied the continuation of an academic program as well as the privilege of registering for course work. This suspension period is for one semester or one summer session, whichever follows the period after which the suspension occurred. Thereafter, the student will revert to post-baccalaureate admission status and will be permitted to take course work not applicable toward a degree program. To be reinstated to a degree program, the student must be recommended by the appropriate academic department and approved by the academic dean, the Graduate Council and the Dean of Graduate School.

**Student Code of Conduct: Policy 10.4:** Disorderly conduct including but not limited to: (a) disruption or Interference of Students, faculty, administration, staff, the educational mission, or routine operations of the University. (b) Commercial solicitation on campus or with University resources without prior approval from University officials. (c) Failure to comply with a reasonable and lawful request or directive of University Officials. (d) Facilitation of Student misconduct including but not limited to assisting, conspiring, soliciting, or encouraging others to engage in conduct which violates the Student Code of Conduct. More information on [Student Code of Conduct Policy \(10.4\)](#).

The instructor shall have full discretion over what behavior is appropriate/inappropriate in the classroom. Students who do not attend class regularly or who perform poorly on class projects/exams may be

referred to the Early Alert Program at SFA.

### **Student Support Services**

Stephen F. Austin State University offers a wide variety of student involvement opportunities and student support services. Additional information about student support services, including health services, counseling, housing, and financial services, is available through the university website link:

<http://www.sfasu.edu/52.asp>

### **Academic Accommodation for Students with Disabilities: Policy 6.1 and 6.6**

To obtain disability-related accommodations, alternate formats and/or auxiliary aids, students with disabilities must contact the [Office of Disability Services \(ODS\)](#), Human Services Building, and Room 325, Human Services Building, and Room 325, 468-3004/468-1004 (TDD) as early as possible in the semester. Once verified, ODS will notify the course instructor and outline the accommodation and/or auxiliary aids to be provided. Failure to request services in a timely manner may delay your accommodations.

SFASU values students' mental health and the role it plays in academic and overall student success. SFA provides a variety of resources to support students' mental health and wellness. Many of these resources are free, and all of them are confidential.

### **On-campus Resources:**
