ACTIVITIES: List all extracurricular activities, organizations, etc. in which you are active. Include offices/positions held.

PROFESSIONAL MEMBERSHIPS/SYMPOSIUMS/CONVENTIONS ATTENDED (LIST YEARS ATTENDED):

APPLICANT ESSAY:

Please complete the following questions by providing an honest evaluation of yourself. On a separate document, enclose your responses along with the completed application form. Please limit your total response to 1000 words or less.

1. How did you make your decision to apply to SFA's Graduate Athletic Training Program (GATP)?
2. Provide your own explanation of the athletic training profession?
3. Select something about yourself that you feel needs improving and explain how you will use your time here to better it.
4. What is/are your primary career goal upon completion of the GATP?

RELEASE OF INFORMATION

I _____, permit Stephen F. Austin State University Faculty and Staff of the Graduate Athletic Training Program (ATP) to access my academic information as criteria for acceptance into the program for each semester that I am enrolled in the program. I understand this information will be kept confidential and will be used only to evaluate my status in the Graduate ATP. _____ Initials

I understand that once I have been accepted into the Graduate ATP, I will be required to complete a fingerprint and criminal background check in order to complete the clinical component of the program. (See [Admission/Retention](#) on Website.)

I will also be expected to complete clinical experiences during the week and weekend, which may include mornings, afternoons, evenings, and possibly holidays. I also understand that I may be asked to travel as part of my experience. As an athletic training student in the Graduate ATP, the scope of my experience is limited as defined in the *Policy and Procedure Manual* and that this is a full-time academic program. _____ Initials

Student signature _____ Date _____

LETTERS OF REFERENCE

Include (2) two completed recommendation forms for each chosen person as a reference regarding your potential as an athletic training student. Please complete the top part and sign the waiver yourself, prior to giving the Recommendation form to your chosen reference. Inform those persons to place the completed Recommendation form in a SEALED ENVELOPE WITH THEIR SIGNATURE WRITTEN ACROSS THE SEAL. Include all recommendations with your completed Application form.

Send an UNOFFICIAL copy of your transcripts along with a copy of each course syllabus for all of the listed deficiencies.

All application materials **should be received by January 10**. Return all athletic training application material to:

Linda Stark Bobo, PhD, ATC, LAT, CES
Program Director
Chair of Graduate Athletic Training Committee
Stephen F. Austin State University
Department of Kinesiology & Health Sciences
Box 13015 – SFA Station

STEPHEN F. AUSTIN STATE UNIVERSITY GRADUATE ATHLETIC TRAINING PROGRAM

Recommendation Form

TO THE STUDENT: PLEASE DISTRIBUTE THIS FORM TO THOSE INDIVIDUALS THAT YOU HAVE ASKED TO SUBMIT RECOMMENDATIONS FOR YOUR ADMISSION TO THE SFA GRADUATE ATHLETIC TRAINING PROGRAM.

Applicant's Name _____

Address _____

_____ Phone

_____ I waive the right to see submitted information recorded on my Recommendation Form.

_____ I retain the right to see submitted information recorded on my Recommendation Form.
(Family Education Rights and Privacy Act of 1974, if admitted and enrolled, allow me access to the information provided on the Recommendation Form.)

Applicant's signature _____ Date _____

TO THE EVALUATOR: The above-mentioned applicant has chosen you as a reference for admission to the SFA Graduate Athletic Training Program. As a competitive program, your reference could be the enabling factor for the applicant's admission. Please understand that this curriculum requires at least 20 hours a week of clinical experience, interaction with coaches, administration, athletes, physicians, and other athletic training/health care professionals. With your best knowledge and ability, please complete the following:

Name _____

Position _____

Place of employment _____

Address _____ City _____ State _____ Zip _____

Phone _____ Email _____

How long have you known the applicant? _____

In what capacity? _____

PLACE A CHECK IN THE BOX THAT BEST DESCRIBES THE APPLICANT.

	Excellent 4	Above Average 3	Average 2	Below Average 1	Unable to Judge
Academic potential					
Cooperation					
Dedication					
Dependability					
Punctuality					
Enthusiasm					
Initiative					
Potential as a leader					
Self confidence					
Maturity					
Professionalism					
Written communication skills					
Verbal communication skills					
Time management skills					

COMMENTS:

Please list any attributes or characteristics of the applicant that you believe would better the SFA Graduate Athletic Training Program.

Please list any traits or characteristics of the applicant that you believe could be improved.

Would you admit this student into your own academic program? If "No," explain your response.

Additional Comments:

*Please enclose this recommendation in a sealed envelope. Sign across the seal and return to the applicant. It is the applicant's responsibility to ensure that your recommendation will be included with application package. All application materials are requested to be received by **January 10th**.*

If your physical or immunization records are incomplete, you will be told what is missing and asked to update your documents at your own cost.

**STEPHEN F. AUSTIN STATE UNIVERSITY GRADUATE ATHLETIC
TRAINING PROGRAM (SFASU GATP)**

PHYSICIAN FORM

The physical examination must be completed and signed by the physician who performed your physical examination, along with the release form by the physician stating that you, _____, are able to perform the typical skills needed to complete essential skills and tasks.

Examples of Typical Skills Needed to Complete Essential Tasks

- Students typically sit for 2-6 hours daily in the classroom, stand for 1-2 hours daily at practice and must be able to ambulate approximately 10 yards indoor or outdoor over rough terrain.
- Students frequently lift less than 10 pounds and occasionally lift between 10-20 lbs. overhead.
- Students occasionally carry up to 25-30 lbs. while walking up to 10-20 feet.
- Students frequently exert 25 pounds of push/pull forces to objects up to 50 feet.
- Students frequently twist, bend, stoop and kneel on the floor up to 15 minutes.
- Students frequently move from place to place and position to position and must do so at a speed that permits safe handling of classmates and injured athletes.
- Students frequently stand and walk while providing support to an injured athlete.
- Students frequently coordinate verbal and manual activities with gross motor activities.
- Students use auditory, tactile, and visual senses to receive classroom instruction and to evaluate and treat injured athletes.
- Students often work within an electrical field.
- Students will need to have 20/40 vision (or corrected to) to view activities.
- Students frequently need basic neurological function to perceive hot, cold, change in contour of surface/body part.
- Students need to possess the ability to make and execute quick, appropriate and accurate decisions in a stressful environment.

This section is to be completed by physician indicating the applicant meets the Stephen F. Austin State University Graduate Athletic Training Program Technical Standards. Please complete the following information in regards to the participation of this athletic training student in our Athletic Training Program.

_____ is **ABLE** to meet the technical standards for
(Athletic Training Student Name)

Admission and/or continuation in the SFASU GATP.

Physician Signature

GUIDELINES for TECHNICAL STANDARDS FOR ENTRY-LEVEL ATHLETIC TRAINING PROGRAM

Part 1 - History and Rationale

The landmark Americans with Disabilities Act of 1990, P.L. 101-336 (“ADA” or “the Act”), enacted on July 26, 1990, provides comprehensive civil rights protections to qualified individuals with disabilities. The ADA was modeled after Section 504 of the Rehabilitation Act of 1973, which marked the beginning of equal opportunity for persons with disabilities. As amended, Section 504 “prohibits all programs or activities receiving federal financial assistance from discrimination against individuals with disabilities who are ‘otherwise qualified’ to participate in those programs.” With respect to post-secondary educational services, an “otherwise qualified” individual is a person with a disability “who meets the academic and technical standards requisite to admission or participation in the recipient’s education program or activity.”

Under the Americans with Disabilities Act, Title II and Title III are applicable to students with disabilities and their requests for accommodations. Title II covers state colleges and universities. Title III pertains to private educational institutions; it prohibits discrimination based on disability in places of “public accommodation,” including undergraduate and postgraduate schools.

Given the intent of Section 504 and the ADA, the development of standards of practice for a profession, and the establishment of essential requirements to the student's program of study, or directly related to licensing requirements, is allowable under these laws. In applying Section 504 regulations, which require individuals to meet the “academic and technical standards for admission,” the Supreme Court has stated that physical qualifications could lawfully be considered “technical standard(s) for admission.”

Institutions may not, however, exclude an “otherwise qualified” applicant or student merely because of a disability, if the institution can reasonably modify its program or facilities to accommodate the applicant or student with a disability. However, an institution need not provide accommodations or modify its program of study or facilities such that (a) would “fundamentally alter” and/or (b) place an “undue burden on” the educational program or academic requirements and technical standards which are essential to the program of study.

Part 2 - Use of the Guidelines

The following Guidelines embody the physical, cognitive, and attitudinal abilities an Entry-Level Athletic Trainer must be able to demonstrate in order to function in a broad variety of clinical situations; and to render a wide spectrum of care to athletes and individuals engaged in physical activity. The Guidelines serve to recognize abilities essential to the development of these Entry-Level abilities. Further, the Guidelines reflect the necessary and required skills and abilities identified for the Entry-Level

Athletic Trainer as detailed in the NATA Athletic Training Educational Competencies and the BOC, Inc., Role Delineation Study.

Institutions and programs should use these Guidelines as a reference point in the development of specific requirements, “technical standards,” for admission to, and completion of, their educational program. Requirements should be objective, measurable, and should be applied to student admission to the program.

Institutions and programs should provide their students with the applicable technical standards in a timely fashion. This could be prior to admission to the institution (for those programs that admit students directly to the program) or soon after the student has entered the institution (for those programs that admit students through a secondary admission process).

While technical standards should be applied to student admission to the institution and/or program, some programs may, additionally, apply technical standards as the student moves through the program, and/or use technical standards as a measure of the student's attainment of criteria for graduation.

Entry-Level Athletic Training Programs must contact and work with their institution's ADA Compliance Officer, Office of Affirmative Action, or appropriate institutional office in the development and implementation of technical standards specific to their institution. This document is only intended as a guide or reference point for the development and implementation of technical standards. The ADA Compliance Officer (or appropriate person) at your institution is a valuable resource in the development and implementation of technical standards. It is strongly encouraged that programs not develop and implement technical standards without this important advice and counsel.

Part 3 - Sample Technical Standards

The following sample technical standards are presented in three sections. The introduction explains the rationale for the technical standards and how they may be used by the program. The main section includes the technical standards. The final section includes a statement that the student has read the technical standards and, by their signature, acknowledges an understanding of the implications of the standards.

Institutions and programs should use these sample technical standards as a reference point in the development of more detailed and/or specific standards for their program.

Compliance with technical standards does not guarantee a student's eligibility for the BOC national certification exam.

ATHLETIC TRAINING PROGRAM TECHNICAL STANDARDS FOR ADMISSION

The Graduate Athletic Training Program at Stephen F. Austin State University is a rigorous and intense program that places specific requirements and demands on the students enrolled in the program. An objective of this program is to prepare graduates to enter a variety of employment settings and to render care to a wide spectrum of individuals engaged in physical activity. The technical standards set forth by the Athletic Training Program establish the essential qualities considered necessary for students admitted to this program to achieve the knowledge, skills, and competencies of an entry-level athletic trainer, as well as meet the expectations of the program's accrediting agency (Commission on Accreditation of Athletic Training Education [CAATE]). The following abilities and expectations must be met by all students admitted to the Athletic Training Program. In the event a student is unable to fulfill these technical standards, with or without reasonable accommodation, the student will not be admitted into the program.

Compliance with the program's technical standards does not guarantee a student's eligibility for the BOC national certification exam.

Candidates for selection to the Graduate Athletic Training Program must demonstrate:

1. the mental capacity to assimilate, analyze, synthesize, integrate concepts and problem solve to formulate assessment and therapeutic judgments and to be able to distinguish deviations from the norm.
2. sufficient postural and neuromuscular control, sensory function, and coordination to perform appropriate physical examinations using accepted techniques; and accurately, safely and efficiently use equipment and materials during the assessment and treatment of patients.
3. the ability to communicate effectively and sensitively with patients and colleagues, including individuals from different cultural and social backgrounds; this includes, but is not limited to, the ability to establish rapport with patients and communicate judgments and treatment information effectively. Students must be able to understand and speak the English language at a level consistent with competent professional practice.
4. the ability to record the physical examination results and a treatment plan clearly and accurately.
5. the capacity to maintain composure and continue to function well during periods of high stress.
6. the perseverance, diligence and commitment to complete the athletic training education program as outlined and sequenced.
7. flexibility and the ability to adjust to changing situations and uncertainty in clinical situations.
8. affective skills and appropriate demeanor and rapport that relate to professional education and quality patient care.
9. **This will be re-evaluated for each academic year the student is enrolled in the curriculum and maintained in the student's file in the program director's office.**

TECHNICAL STANDARDS FORM

Candidates for selection to the athletic training educational program will be required to verify they understand and meet these technical standards or that they believe that, with certain accommodations, they can meet the standards.

The Disability Services department will evaluate a student who states he/she could meet the program's technical standards with accommodation and confirm that the stated condition qualifies as a disability under applicable laws.

If a student states he/she can meet the technical standards with accommodation, then the University will determine whether it agrees that the student can meet the technical standards with reasonable accommodation; this includes a review a whether the accommodations requested are reasonable, taking into account whether accommodation would jeopardize clinician/patient safety, or the educational process of the student or the institution, including all coursework, clinical experiences and internships deemed essential to graduation.

Acceptance of Technical Standards

I certify that I have read and understand the technical standards for selection listed above, and I believe to the best of my knowledge that I meet each of these standards without accommodation. I understand that if I am unable to meet these standards I will not be admitted into the program.

Signature of Applicant

Date

ONLY SIGN IF YOU ARE REQUESTING ACCOMMODATIONS.

Student request for accommodations.

I certify that I have read and understand the technical standards of selection listed above and I believe to the best of my knowledge that I can meet each of these standards with certain accommodations. I will contact the Disability Services department to determine what accommodations may be available. I understand that if I am unable to meet these standards with or without accommodations, I will not be admitted into the program.

GRADUATE ATHLETIC TRAINING PROGRAM

Application Checklist

1) APPLY TO SFA GRADUATE SCHOOL:

- Completed [online application](#) / Paid application fee to [Graduate School](#)
- Official transcripts sent

2) WHAT TO SEND TO GRADUATE ATHLETIC TRAINING PROGRAM:

- Cover letter
- Resume
- Unofficial copy of transcripts
- Completed GATP Application
- Applicant essay
- Two (signed & sealed) forms of recommendation
- Copy of certification cards
- Completed Physician Examination form
- Signed Technical Standards from (*signed by Physician & Student*)
- Completed Student Medical History forms
- Copy of Immunization Records (TB skin test, HBV, Varicella, DTaP)
- Copy of each leveling course's syllabus (10) if course titles differ
- Completed online [Interview Stream:](#)

<https://sfasu.interviewstream.com/selectquestions/>

APPLICATION REVIEW WILL BEGIN JANUARY 10th, with notification following in February.
